TEACHERS' RETIREMENT LAW

As of January 1, 2022

FOREWORD

The Legislature, at the special session of June 1944, revised the State Teachers' Retirement Act. Benefits and contributions were increased and the system was placed on a better financial basis. Amendments to the law were made in 1945, 1947, 1951, 1953, 1954, 1955, 1956, 1957, 1958, 1959, 1961, 1963, 1965 and annually starting in 1967. The 1959 and 1976 sessions renumbered sections of the code. The 1969 and 1994 sessions recodified the law. The E. Richard Barnes Act was enacted in 1972 to provide for long-range reserve funding (pre-funding) of the system for the first time. In 1995, the Legislature established the Cash Balance Benefit Program, which is contained in Part 14. In 1999, the Legislature added Part 13.5, which provides for a Health Benefits Program. In 2000, the Defined Benefit Supplement Program was established. In 2013, the Legislature amended the law to conform with the California Public Employees' Pension Reform Act of 2013. In 2014, the Legislature provided the Teachers' Retirement Board with limited contribution rate-setting authority for the first time for purposes of fully funding of the Defined Benefit Program by 2046.

Volume 1 of the Teachers' Retirement Law contains all of the provisions set forth in Parts 13, 13.5 and 14 of Division 1 of the California Education Code along with the rules and regulations of the Teachers' Retirement Board, which are in the California Code of Regulations. Volume 2, which is available online only at www.calstrs.com/information-about-calstrs, contains pertinent code sections from California statute. The Teachers' Retirement Law is issued for the convenience of all persons interested in the California State Teachers' Retirement System who have a need to reference or work with the up-to-date provisions of the law. It is intended particularly to assist school administrators and public officials who have duties to perform in connection with the system. In the event that this publication conflicts with actual statute, the statute takes precedence.

PART 13. STATE TEACHERS' RETIREMENT SYSTEM

CHAPTER 1. GENERAL PROVISIONS

§ 22000. Citation of part (Barnes Act; Teachers' Retirement Law)

This part may be known and cited as the E. Richard Barnes Act and together with Part 14 (commencing with Section 26000) shall be known as the Teachers' Retirement Law.

Added by Stats 1993 ch 893 § 2 (AB 1796). Amended by Stats 1999 ch 939 § 1 (SB 1074).

Former Sections: Former § 22000, similar to the present section, was enacted by Stats 1976 ch 1010 § 2, operative April 30, 1977, and repealed by Stats 1993 ch 893 § 1.

Amendments

1999 Amendment: (1) Deleted "shall be known and may be cited as the State Teachers' Retirement Law and" after "This part"; and (2) added "and together with Part 14 (commencing with Section 26000) shall be known as the Teachers' Retirement Law".

§ 22001. Establishment of State Teachers' Retirement System

In order to provide a financially sound plan for the retirement, with adequate retirement allowances, of teachers in the public schools of this state, teachers in schools supported by this state, and other persons employed in connection with the schools, the State Teachers' Retirement System is established. The system is a unit of the Government Operations Agency.

Added by Stats 1993 ch 893 § 2 (AB 1796). See this section as modified in Governor's Reorganization Plan No. 2 § 42 of 2012. Amended by Stats 2013 ch 352 § 68 (AB 1317), effective September 26, 2013, operative July 1, 2013.

Editor's Notes—2012 Governor's Reorganization Plan No. 2 was submitted to the Legislature on May 3, 2012, and became effective July 3, 2012, pursuant to Gov C § 12080.5, and substantively operative July 1, 2013. The text as modified by § 42, reads: "In order to provide a financially sound plan for the retirement, with adequate retirement allowances, of teachers in the public schools of this state, teachers in schools supported by this state, and other persons employed in connection with the schools, the State Teachers' Retirement System is established. The system is a unit of the Government Operations Agency." Stats 2013 ch 352 (AB 1317) enacts the statutory changes necessary to reflect the changes made by the Governor's Reorganization Plan No. 2 of 2012.

Former Sections: Former § 22001, similar to the present section, was enacted by Stats 1976 ch 1010 § 2, operative April 30, 1977, amended by Stats 1979 ch 520 § 1, and repealed by Stats 1993 ch 893 § 1.

Amendments

2013 Amendment: Substituted "Government Operations Agency" for "State and Consumer Services Agency" in the second sentence.

§ 22001.5. Findings as to Cash Balance Plan

The Legislature hereby finds and declares that on July 1, 1996, the State Teachers' Retirement System Cash Balance Plan was created and established to provide a retirement plan for persons employed by an employer offering the Cash Balance Plan, excluding community college districts, to perform creditable service for less than 50 percent of the full-time equivalent for the position or employed by a community college district offering the Cash Balance Plan to perform creditable service on a temporary basis pursuant to Section 87474, 87478, 87480, 87481, 87482, or 87482.5, or employed by an employer offering

the Cash Balance Plan to perform creditable service as a substitute employee. The persons eligible for the Cash Balance Plan were excluded from mandatory membership in the State Teachers' Retirement System Defined Benefit Plan. Both plans are administered by the Teachers' Retirement Board. Prior to the creation and establishment of the Cash Balance Plan, the State Teachers' Retirement System Defined Benefit Plan had been identified simply as the State Teachers' Retirement System. As a result, the system was identified as both the administrative body and the retirement plan. The State Teachers' Retirement Law was amended to identify the retirement plan as the State Teachers' Retirement System Defined Benefit Plan in order to distinguish that plan from the Cash Balance Plan. Because both plans were intended to provide for the retirement of teachers and other persons employed in connection with public schools of this state and schools supported by this state, a merger of these two plans is now hereby made for the purpose of establishing a single retirement plan that shall be known and may be cited as the State Teachers' Retirement Plan consisting of the different benefit programs set forth in this part and Part 14 (commencing with Section 26000). This plan shall be administered by the Teachers' Retirement Board as set forth in this part and Part 14 (commencing with Section 26000). This part, together with Part 14 (commencing with Section 26000) shall be known and may be cited as the Teachers' Retirement Law.

Added by Stats 1998 ch 1048 § 1 (SB 2085). Amended by Stats 2015 ch 123 § 1 (AB 991), effective January 1, 2016.

Amendments

2015 Amendment: Amended the first sentence by adding **(1)** “by an employer offering the Cash Balance Plan, excluding community college districts,” and **(2)** “or employed by a community college district offering the Cash Balance Plan to perform creditable service on a temporary basis pursuant to Section 87474, 87478, 87480, 87481, 87482, or 87482.5, or employed by an employer offering the Cash Balance Plan to perform creditable service as a substitute employee”.

§ 22002. Declaration of financing policies

The Legislature recognizes that the assets of the State Teachers' Retirement Plan with respect to the Defined Benefit Program are insufficient to meet the obligations of that program already accrued or to accrue in the future with respect to service credited to members of that program prior to July 1, 1972. Therefore, the Legislature declares the following policies with respect to the financing of the Defined Benefit Program of the State Teachers' Retirement Plan:

(a) Members shall contribute a percentage of creditable compensation, unless otherwise specified in this part.

(b) Employers shall contribute a percentage of the total creditable compensation on which member contributions are based.

(c) The state shall contribute a sum certain for a given number of years for the purpose of payment of benefits under this part.

Added by Stats 1993 ch 893 § 2 (AB 1796). Amended by Stats 1996 ch 634 § 1 (SB 2041); Stats 1997 ch 482 § 1 (SB 471); Stats 1998 ch 965 § 1 (AB 2765).

Former Sections: Former § 22002, similar to the present section, was enacted by Stats 1976 ch 1010 § 2, operative April 30, 1977, and repealed by Stats 1993 ch 893 § 1.

Amendments

1996 Amendment: Substituted **(1)** subd (a) for former subd (a) which read: “(a) Members shall be required to contribute a percentage of salaries earned.”; and **(2)** “Employers” for “The employing agencies” in subd (b).

1997 Amendment: Substituted **(1)** “creditable compensation” for “salaries earned” in subd (a); and **(2)** “the total creditable compensation” for “total salaries” in subd (b).

1998 Amendment: (1) Amended the introductory paragraph by (a) substituting “State Teachers’ Retirement Plan” for “State Teachers’ Retirement System” both times it appears; (b) adding “with respect to the Defined Benefit Program” in the first sentence; (c) substituting “program” for “system” both times it appears in the first sentence; (d) substituting “with” for “in” before “respect” both times it appears; and (e) adding “Defined Benefit Program of the” in the second sentence; and (2) added “under this part” at the end of subd (c).

§ 22002.5. Legislative findings and declarations regarding funding of Defined Benefit Program

The Legislature finds and declares all of the following:

(a) The current and projected assets of the State Teachers’ Retirement Plan administered by the State Teachers’ Retirement System with respect to the Defined Benefit Program are insufficient to meet the obligations of that program already accrued or projected to be accrued in the future with respect to service credited to members of that program before July 1, 2014.

(b) Various legal rulings have determined that vested contractual rights of existing members generally cannot be changed without providing a comparable new advantage.

(c) The improvement factor currently provided under the Defined Benefit Program pursuant to Sections 22140 and 22141, as those sections read before July 1, 2014, is not a contractually enforceable promise.

(d) The Legislature hereby increases the contributions of active members by an amount not to exceed the normal cost of the improvement factor, providing a comparable new advantage by removing the statutory right to adjust the improvement factor, and thereby establishing the improvement factor as a contractually enforceable promise.

(e) The statutory changes adopted by the act that added this section address the long-term funding needs of the Defined Benefit Program in a manner that allocates increased contributions among members of the system and school employers, consistent with the contractual rights of existing members.

(f) The provisions of the act that added this section were based on various legal understandings and would not have been adopted without those understandings. The new obligations and benefits provided in Sections 7 and 9 of the act adding this section are contingent on those legal understandings being accurate. Thus if there is a final unappealable judicial decision that holds that the increased contributions in Section 22950.5 constitute a new functional responsibility for schools and community colleges pursuant to subdivision (c) of Section 41204, and correspondingly require an adjustment pursuant to subdivision (b) of Section 8 of Article XVI of the California Constitution, or a final unappealable administrative or judicial decision that holds that the increased contributions in Section 22950.5 constitutes a reimbursable mandate pursuant to Article XIII B of the California Constitution, then it is the intent of the Legislature that the provisions added by the act adding this section shall cease to be effective.

(g) It is in the public interest and a matter of urgency to authorize, and to implement as soon as possible, a remedy to the funding problem of the system. This remedy is necessary to ensure that funds will be available to support a pension system upon which hundreds of thousands of teachers rely and for which the current funding structure raises significant fiscal policy concerns.

(h) It is of great importance to the state, the system, and school districts that there not be long term doubt about the feasibility of the solutions provided in the act that added this section. In order to fulfill the important objective of facilitating the system’s and school districts’ financial transactions the legality of the act that added this section must be quickly affirmed. The system, school districts, and teachers need to settle promptly all questions about the validity of each other’s duties and obligations under this statute.

(i) It is well-established that the terms and conditions of public retirement plans generally are established by statute or other comparable enactment rather than by contract. Statutes governing the terms of compensation and deferred compensation of public employees are thus significant financial obligations contemplated and covered by Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure.

Added by Stats 2014 ch 47 § 1 (AB 1469), effective June 24, 2014.

§ 22003. Effect of revision of State Teachers' Retirement Law (Conflicts in law)

The revision of the State Teachers' Retirement Law, enacted at the 1971 and 1972 Regular Sessions of the Legislature, shall not be construed to affect benefits of persons retired prior to July 1, 1972, or their beneficiaries, except as specifically provided.

Added by Stats 1993 ch 893 § 2 (AB 1796).

Former Sections: Former § 22003, similar to present § 22304, was enacted by Stats 1976 ch 1010 § 2, operative April 30, 1977, and repealed by Stats 1993 ch 893 § 1.

Historical Derivation: Former § 22009, as enacted by Stats 1976 ch 1010 § 2.

If the provisions of this part are in conflict with the provisions of a memorandum of understanding reached pursuant to Chapter 12 (commencing with Section 3560) of Division 4 of Title 1 of the Government Code, the memorandum of understanding shall be controlling without further legislative action, except that if the provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

Notes of Decisions

Decisions Under Former Ed C § 22114

In separate actions involving calculation of retirement allowances for two members of the State Teachers' Retirement System (STRS) who each held two full-time teaching positions simultaneously, the employees were not entitled to allowances under the State Teachers' Retirement Law (Ed. Code, § 22000 et seq.) based on both full-time jobs. The allowances had to be based on the aggregate of their salaries up to the equivalent of a single, full-time job carrying the highest compensation. The State Teachers' Retirement Law limits the total service credit a member may earn by using one full-time position as the yardstick. Excess earnings are “overtime” (Ed. Code, § 22151) and are not included in the definition of compensation (Ed. Code, § 22114, subd. (b)(2)). The logic of this construction is supported by the fact that contributions in excess of what is creditable to retirement must be reimbursed at retirement (Ed. Code, § 22906). Such an interpretation did not deny one employee due process and equal protection, notwithstanding that he worked for a school district that allowed fewer credited hours in a week and year than other districts. The same calculation was employed for all teachers in the same category. Basing benefits on the aggregate of the salaries up to the equivalent of a single, full-time job not only comports with the language of the State Teachers' Retirement Law, the application of that law by STRS, and Ed. Code, former § 23402 (a measure to make the retirement fund solvent), but achieves the ends to which the law is aimed—to provide a substantial or reasonable pension while assuring adequate funding. *O'Connor v. § 22119.3. “Creditable compensation” (2% at 62)

(a) “Creditable compensation” for members who are subject to the California Public Employees' Pension Reform Act of 2013 means the following remuneration that is paid in cash by an employer for performing creditable service in that position each pay period the creditable service is performed:

(1) Salary or wages.

(2) Remuneration that is paid in addition to salary or wages, only if it is paid to all persons who are in the same class of employees in the same dollar amount, the same percentage of salary or wages, or the same percentage of the amount being distributed.

(b) Creditable compensation shall be paid to all persons in the same class of employees in accordance with a publicly available written contractual agreement, including, but not limited to, a salary schedule or employment agreement, and shall include:

(1) Remuneration that is paid for the use of sick leave, vacation leave, or an employer-approved compensated leave of absence, except as provided in paragraph (4) of subdivision (c).

(2) Member contributions that are picked up by an employer pursuant to Section 22903 or 22904.

(3) Amounts that are deducted from a member's remuneration, including, but not limited to, deductions for participation in a deferred compensation plan; deductions to purchase an annuity contract, tax-deferred retirement plan, or insurance program; and contributions to a plan that meets the requirements of Section 125, 401(a), 401(k), 403(b), 457(b), or 457(f) of Title 26 of the United States Code.

(4) Notwithstanding paragraphs (6) and (8) of subdivision (c) of Section 7522.34 of the Government Code, remuneration that is paid for creditable service that exceeds one year in a school year.

(c) “Creditable compensation” does not mean and shall not include:

(1) Remuneration that is not paid in cash or is not paid to all persons who are in the same class of employees.

(2) Remuneration that is paid for service that is not creditable service pursuant to Section 22119.5 or 22119.6.

(3) Remuneration that is not paid each pay period in which creditable service is performed for that position.

(4) Remuneration that is paid in exchange for the relinquishment of unused accumulated leave.

(5) Payments, including, but not limited to, those for participation in a deferred compensation plan; to purchase an annuity contract, tax-deferred retirement plan, or insurance program; and for contributions to a plan that meets the requirements of Section 125, 401(a), 401(k), 403(b), 457(b), or 457(f) of Title 26 of the United States Code when the cost is covered by an employer.

(6) Fringe benefits provided by an employer.

(7) Expenses paid or reimbursed by an employer.

(8) Severance pay, including lump sum and installment payments, or money paid in excess of salary or wages to a member as compensatory damages or as a compromise settlement.

(9) Creditable compensation determined by the system to have been paid to enhance a member's benefit.

(10) Compensation paid to the member in lieu of benefits provided to the member by the employer or paid directly by the employer to a third party other than the system for the benefit of the member.

(11) Any one-time or ad hoc payments made to a member.

(12) Any employer-provided allowance, reimbursement, or payment, including, but not limited to, one made for housing, vehicle, or uniform.

(13) Any bonus paid in addition to compensation described in subdivision (a).

(14) Any other payments the board determines not to be "creditable compensation."

(d) (1) Except for purposes of calculating credited service in the Defined Benefit Program and for reporting annualized pay rate on or after January 1, 2013, creditable compensation in any fiscal year shall not exceed:

(A) One hundred twenty percent of the "contribution and benefit base," as determined under Section 430(b) of the Social Security Act (42 U.S.C. Sec. 430(b)), on January 1, 2013, for a member whose service is not included in the federal system.

(B) One hundred percent of the "contribution and benefit base," as determined under Section 430(b) of the Social Security Act (42 U.S.C. Sec. 430(b)), on January 1, 2013, for a member whose service is included in the federal system pursuant to any changes in state or federal law enacted on or after January 1, 2013.

(2) The system shall adjust the limit based on the annual changes to the Consumer Price Index for All Urban Consumers: U.S. City Average, calculated by dividing the Consumer Price Index for All Urban Consumers: U.S. City Average for the month of February in the fiscal year preceding the adjustment by the Consumer Price Index for All Urban Consumers: U.S. City Average for the month of February of the previous year rounded to the nearest thousandth. Notwithstanding paragraph (1) of subdivision (d) of Section 7522.10 of the Government Code, the adjustment shall be effective annually on July 1, beginning July 1, 2014.

(3) The Legislature reserves the right to modify the requirements of this subdivision with regard to all members subject to this subdivision, except that the Legislature may not modify these provisions in a manner that would result in a decrease in benefits accrued prior to the effective date of the modification.

(4) This subdivision shall apply to compensation paid during the 2013-14 fiscal year and each fiscal year thereafter.

(e) An employer or individual who knowingly or willfully reports compensation in a manner inconsistent with subdivision (a), (b), or (c) may be subject to prosecution for fraud, theft, or embezzlement in accordance with the Penal Code. The system may establish procedures to ensure that compensation reported by an employer is in compliance with this section.

(f) For purposes of this section, remuneration shall be considered paid if distributed to any person in the same class of employees who meets the qualifications or requirements specified in a publicly available written contractual agreement, including, but not limited to, a collective bargaining agreement or an employment agreement, as a condition of receiving the remuneration.

(g) This definition of “creditable compensation” reflects sound principles that support the integrity of the retirement fund. Those principles include, but are not limited to, consistent treatment of compensation throughout a member’s career, consistent treatment of compensation among an entire class of employees, consistent treatment of compensation for the position, preventing adverse selection, and excluding from creditable compensation remuneration that is paid to enhance a member’s benefits. The system shall determine the appropriate crediting of contributions according to these principles, to the extent not otherwise specified pursuant to this part. A presumption by the system that creditable compensation was paid to enhance the member’s benefits may be rebutted by the member or by the employer on behalf of the member. Upon receipt of sufficient evidence to the contrary, a presumption by the system that creditable compensation was paid to enhance the member’s benefits may be reversed.

Notes of Decisions

Decisions Under Current Law

1. Generally

Where a representative of the California State Teachers’ Retirement Board (CalSTRS) misled a teacher about the eligibility requirements for disability retirement benefits, the teacher’s 2005 application for disability benefits, arising from a 1998 attack by students, should have been remanded to CalSTRS to decide whether to exercise its power to relieve the teacher from the consequences of the late-filed application, including her inability to prove that she was disabled within the meaning of Ed C § 22126. *Welch v. California State Teachers’ Retirement Bd.* (2012, 3d Dist) 2012 Cal App LEXIS 85.

California State Teachers’ Retirement System reasonably ordered independent medical examinations of a disability benefits applicant whose documentation in support of application timeliness was inadequate to resolve questions as to a possible pre-existing condition and the scope of the disability. Failure to appear for the examinations mandated rejection, and disability determinations in prior administrative proceedings did not give rise to collateral estoppel or excuse the failure to appear. *Duarte v. California State Teachers’ Retirement System* (2014, 1st Dist) 2014 Cal App LEXIS 1137.

Decisions Under Former Ed C § 22122

An elementary school teacher who suffered from severe asthma and chronic bronchitis was disabled within the meaning of Ed. Code, § 22122 (State Teachers’ Retirement Law), which provides that “disability” or “disabled” means any medically determinable physical or mental impairment which is permanent and prevents a member from performing his usual duties for his employer, where the teacher’s usual and customary duties exposed her to

the rampant infectious agents harbored by small children. Although the teacher was physically capable to perform her duties, it would have been medically unwise and would have exposed her to a serious health risk. *Wolfman v. Board of Trustees* (1983, Cal App 4th Dist) 148 Cal App 3d 787, 196 Cal Rptr 395, 1983 Cal App LEXIS 2353.

Under Ed. Code, § 22122, providing an individual is considered “disabled” if he or she suffers from a physical or mental impairment, the term “impairment” is no different from the term “incapacity” as used in Gov. Code, § 21022, which has been defined as a substantial inability of the applicant to perform his or her usual duties. *Swehla v. Teachers’ Retirement Bd.* (1987, Cal App 5th Dist) 192 Cal App 3d 1088, 237 Cal Rptr 789, 1987 Cal App LEXIS 1839.

On a petition for writ of mandate by a permanently injured physical education teacher, to compel the Teachers’ Retirement Board to grant her a disability allowance, the trial court properly ordered the board to either grant disability benefits or require the teacher to participate in a rehabilitation program to enable her to perform teaching duties, under former Ed C § 23905, allowing for rehabilitation of disabled teachers, where the teacher was disabled within the meaning of Ed C § 22122, allowing a disability allowance for permanently disabled teachers. *Abshear v. Teachers’ Retirement Board* (1991, Cal App 2d Dist) 231 Cal App 3d 1629, 282 Cal Rptr 833, 1991 Cal App LEXIS 769.

(b) For purposes of this section, periods of service separated by breaks in service may be aggregated, if the periods of service are consecutive except for the breaks.

(c) The following shall be considered periods of service for the purpose of determining final compensation:

(1) The full pay period if the member earns creditable compensation within that pay period, but not beyond the benefit effective date except as provided in paragraph (3).

(2) The months of the school year preceding the school term if the member earns creditable compensation during the first pay period of that school term.

(3) The months of the school year following the school term if the member earns creditable compensation during the last pay period of that school term.

(1) The compensation under the other system was not earned during the periods of service determined pursuant to subdivision (c) under the Defined Benefit Program.

(2) Retirement for service under the Defined Benefit Program is concurrent with the member's retirement for service under the other system pursuant to Section 22115.5.

(e) If a member has received service credit for part-time service performed prior to July 1, 1956, the member's final compensation shall be adjusted for that service in excess of one year by the ratio that part-time service bears to full-time service.

(f) For purposes of calculating a benefit that does not include service credit, final compensation shall be the highest average annual creditable compensation earned by a member during any period of 12 consecutive months of service, excluding compensation for which contributions are credited to the Defined Benefit Supplement Program. Final compensation determined pursuant to this subdivision shall not exceed the amount determined pursuant to subdivision (a).

§ 22135. “Final compensation” by classroom teacher

(a) Notwithstanding subdivision (a) of Section 22134, “final compensation” means the highest average annual compensation earnable, as defined by Section 22115, by an active member who is a classroom teacher not subject to the California Public Employees’ Pension Reform Act of 2013 and who retires, becomes disabled, or dies, after June 30, 1990, during any period of 12 consecutive months while an active member of the Defined Benefit Program.

(b) Section 22134, except subdivision (a) of that section, shall apply to classroom teachers who retire after June 30, 1990, and any statutory reference to Section 22134 or “final compensation” with respect to a classroom teacher who retires, becomes disabled, or dies, after June 30, 1990, shall be deemed to be a reference to this section.

(c) As used in this section, “classroom teacher” means any of the following:

(1) All teachers and substitute teachers in positions requiring certification qualifications who spend, during the last 10 years of their employment with the same employer which immediately precedes their retirement, 60 percent or more of their contract time each year providing direct instruction. For the purpose of determining continuity of employment within the meaning of this subdivision, an authorized leave of absence for sabbatical or illness or other collectively bargained or employer-approved leaves shall not constitute a break in service.

(2) Other certificated personnel who spend, during the last 10 years of their employment with the same employer that immediately precedes their retirement, 60 percent or more of their contract time

each year providing direct services to pupils, including, but not limited to, librarians, counselors, nurses, speech therapists, resource specialists, audiologists, audiometrists, hygienists, optometrists, psychologists, driver safety instructors, and personnel on special assignment to perform school attendance and adjustment services.

(d) As used in this section, "classroom teacher" does not include any of the following:

(1) Certificated employees whose job descriptions require an administrative credential.

(2) Certificated employees whose job descriptions include responsibility for supervision of certificated staff.

(3) Certificated employees who serve as advisers, coordinators, consultants, or developers or planners of curricula, instructional materials, or programs, who spend, during the last 10 years of their employment with the same employer that immediately precedes their retirement, less than 60 percent of their contract time in direct instruction.

(4) Certificated employees whose job descriptions require provision of direct instruction or services, but who are functioning in nonteaching assignments.

(5) Classified employees.

(e) This section shall apply only to teachers employed by an employer that has, pursuant to Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code, entered into, extended, renewed, or amended a written agreement with an exclusive representative, prior to January 1, 2014, that makes this section applicable to all of its classroom teachers, as defined in subdivision (c).

(f) The written agreement shall include a mechanism to pay for all increases in allowances provided for by this section through employer contributions or employee contributions or both, which shall be collected and retained by the employer in a trust fund to be used solely and exclusively to pay the system for all increases in allowances provided by this section and related administrative costs; and a mechanism for disposition of the employee's contributions if employment is terminated before retirement, and for the establishment of a trust fund board. The trust fund board shall administer the trust fund and shall be composed of an equal number of members representing classroom teachers chosen by the bargaining agent and the employer. If the employer agrees to pay the total cost of increases in allowances, the establishment of a trust fund and a trust fund board shall be optional to the employer. The employer, within 30 days of receiving an invoice from the system, shall reimburse the retirement fund the amount determined by the Teachers' Retirement Board to be the actuarial equivalent of the difference between the allowance the member or beneficiary receives pursuant to this section and the allowance the member or beneficiary would have received if the member's final compensation had been computed under Section 22134 and the proportionate share of the cost to the plan's Defined Benefit Program, as determined by the Teachers' Retirement Board, of administering this section. The payment shall include the cost of all increases in allowances provided for by this section for all years of service credited to the member as of the benefit effective date. Interest shall be charged at the regular interest rate for any payment not received within 30 days of receipt of the invoice. Payments not received within 30 days after receipt of the invoice may be collected pursuant to Section 23007.

(g) Upon the execution of the agreement, the employer shall notify all certificated employees of the agreement and any certificated employee of the employer, who is a member of the Public Employees' Retirement System pursuant to Section 22508, that he or she may, within 60 days following the date of notification, elect to terminate his or her membership in the Public Employees' Retirement System and become a member of this plan's Defined Benefit Program. However, only service credited under the Defined Benefit Program subsequent to the date of that election shall be subject to this section.

(h) An employer that agrees to become subject to this section, shall, on a form and within the timeframes prescribed by the system, certify the applicability of this section to a member pursuant to the criteria set forth in this section when a retirement, disability, or family allowance becomes payable.

(i) For a nonmember spouse, final compensation shall be determined pursuant to paragraph (5) of subdivision (c) of Section 22664. The employer, within 30 days of receiving an invoice from the system, shall reimburse the retirement fund pursuant to subdivision (f). Interest shall be charged at the regular

interest rate for payments not received within the prescribed timeframe. Payments not received within 30 days of invoicing may be collected pursuant to Section 23007.

Notes of Decisions

Decisions Under Former § 22136

In an action by a private insurance company which had issued a group disability policy to a school district against the State Teachers’ Retirement System, seeking reimbursement from the system to the extent of permissible integration or offset of its benefits with those of defendant, the trial court erred in determining that the group disability policy issued to the school district by plaintiff was not a disability program financed from the public funds within the meaning of Ed. Code, §§ 24102 and 22136, providing that the State Teachers’ Retirement System benefits shall be reduced by an amount equal to the unmodified benefits payable under other disability programs

financed from public funds. The record indicated the funds to pay the premiums under the policy offered by plaintiff were appropriated by the school district as an additional benefit provided to its employees in lieu of a salary increase, and that no deductions from the employees' pay checks were made to cover the cost of the premiums. Also, the premium payments were not included in the computations of the gross salaries of the covered employees, and no federal or state income taxes were paid by the employees on the premium payments. *Industrial Indem. Notes of Decisions

In construing the correction provision applicable to the teachers' retirement system under Ed C § 22308, the court declined to look to the correction provision applicable to the Public Employees' Retirement System, Gov C § 20160, which used "shall" correct rather than "may" correct. *Welch v. California State Teachers' Retirement Bd.* (2012, 3d Dist) 2012 Cal App LEXIS 85.

Where a representative of the California State Teachers' Retirement Board (CalSTRS) misled a teacher about the eligibility requirements for disability retirement benefits in 1999, the teacher's 2005 application for disability benefits, arising from a 1998 attack by students, should have been remanded to CalSTRS to decide whether to exercise its power under Ed C § 22308 to relieve the teacher from the consequences of the late-filed application, including her inability to prove with contemporaneous medical evidence that she was disabled in 1999. *Welch v. California State Teachers' Retirement Bd.* (2012, 3d Dist) 2012 Cal App LEXIS 85.

Thereafter, the Joint Legislative Audit Committee shall transmit the report of the State Auditor to the Speaker of the Assembly and the Senate Committee on Rules for transmittal to the affected policy committees.

Notes of Decisions

California State Teachers' Retirement System reasonably ordered independent medical examinations of a disability benefits applicant whose documentation in support of application timeliness was inadequate to resolve questions as to a possible pre-existing condition and the scope of the disability. Failure to appear for the examinations mandated rejection, and disability determinations in prior administrative proceedings did not give rise to collateral estoppel or excuse the failure to appear. *Duarte v. California State Teachers' Retirement System* (2014, 1st Dist) 2014 Cal App LEXIS 1137.

§ 22664. Right to service retirement allowance

The nonmember spouse who is awarded a separate account shall have the right to a service retirement allowance and, if applicable, a retirement benefit under this part.

(a) The nonmember spouse shall be eligible to retire for service under this part if the following conditions are satisfied:

(1) The member had at least five years of credited service during the period of marriage, at least one year of which had been performed subsequent to the most recent refund to the member of accumulated retirement contributions. The credited service may include service credited to the account of the member as of the date of the dissolution or legal separation, previously refunded service, out-of-state service, and permissive service credit that the member is eligible to purchase at the time of the dissolution or legal separation.

(2) The nonmember spouse has at least two and one-half years of credited service in his or her separate account.

(3) The nonmember spouse has attained 55 years of age or more.

(b) A service retirement allowance of a nonmember spouse under this part shall become effective upon a date designated by the nonmember spouse, provided:

(1) The requirements of subdivision (a) are satisfied.

(2) The nonmember spouse has filed an application for service retirement on a properly executed form provided by the system, that is executed no earlier than six months before the effective date of the retirement allowance.

(3) The effective date is no earlier than the first day of the month that the application is received at the system’s headquarters office and the effective date is after the date the judgment or court order pursuant to Section 22652 was entered.

(c) (1) Upon service retirement at normal retirement age under this part, the nonmember spouse shall receive a retirement allowance that shall consist of an annual allowance payable in monthly installments equal to 2 percent of final compensation for each year of credited service.

(2) If the nonmember spouse’s retirement is effective at less than normal retirement age and between early retirement age under this part and normal retirement age, the retirement allowance shall be reduced by one-half of 1 percent for each full month, or fraction of a month, that will elapse until the nonmember spouse would have reached normal retirement age.

(3) If the nonmember spouse's service retirement is effective at an age greater than normal retirement age and is effective on or after January 1, 1999, the percentage of final compensation for each year of credited service shall be determined pursuant to the following table:

Age at Retirement	Percentage
60 $\frac{1}{4}$	2.033
60 $\frac{1}{2}$	2.067
60 $\frac{3}{4}$	2.10
61	2.133
61 $\frac{1}{4}$	2.167
61 $\frac{1}{2}$	2.20
61 $\frac{3}{4}$	2.233
62	2.267
62 $\frac{1}{4}$	2.30
62 $\frac{1}{2}$	2.333
62 $\frac{3}{4}$	2.367
63 and over	2.40

(4) In computing the retirement allowance of the nonmember spouse, the age of the nonmember spouse on the last day of the month that the retirement allowance begins to accrue shall be used.

(5) Final compensation, for purposes of calculating the service retirement allowance of the nonmember spouse under this subdivision, shall be calculated according to the definition of final compensation in Section 22134, 22134.5, or 22135, whichever is applicable, and shall be based on the member's compensation earnable up to the date the parties separated, as established in the judgment or court order pursuant to Section 22652. The nonmember spouse shall not be entitled to use any other calculation of final compensation.

(d) Upon service retirement under this part, the nonmember spouse shall receive a retirement benefit based on an amount equal to the balance of credits in the nonmember spouse's Defined Benefit Supplement account on the date the retirement benefit becomes payable.

(1) A retirement benefit shall be a lump-sum payment, or an annuity payable in monthly installments, or a combination of both a lump-sum payment and an annuity, as elected by the nonmember spouse on the application for a retirement benefit. A retirement benefit paid as an annuity under this chapter shall be subject to Sections 22660, 25011, and 25011.1.

(2) Upon distribution of the entire retirement benefit in a lump-sum payment, no other benefit shall be payable to the nonmember spouse or the nonmember spouse's beneficiary under the Defined Benefit Supplement Program.

(e) If the member is or was receiving a disability allowance under this part with an effective date before or on the date the parties separated as established in the judgment or court order pursuant to Section 22652, or at any time applies for and receives a disability allowance with an effective date that is before or coincides with the date the parties separated as established in the judgment or court order pursuant to Section 22652, the nonmember spouse shall not be eligible to retire until after the disability allowance of the member terminates. If the member who is or was receiving a disability allowance returns to employment to perform creditable service subject to coverage under the Defined Benefit Program or has his or her allowance terminated under Section 24015, the nonmember spouse may not be paid a retirement allowance until at least six months after termination of the disability allowance and the return of the member to employment to perform creditable service subject to coverage under the Defined Benefit Program, or the termination of the disability allowance and the employment or self-employment of the member in any capacity, notwithstanding Section 22132. If at the end of the six-month period, the member has not had a recurrence of the original disability or has not had his or her earnings fall below the amounts described in Section 24015, the nonmember spouse may be paid a retirement allowance if all other eligibility requirements are met.

(1) The retirement allowance of the nonmember spouse under this subdivision shall be calculated as follows: the disability allowance the member was receiving, exclusive of the portion for dependent children, shall be divided between the share of the member and the share of the nonmember spouse. The share of the nonmember spouse shall be the amount obtained by multiplying the disability allowance, exclusive of the portion for dependent children, by the years of service credited to the separate account of the nonmember spouse, including service projected to the date of separation, and dividing by the projected service of the member. The nonmember spouse's retirement allowance shall be the lesser of the share of the nonmember spouse under this subdivision or the retirement allowance under subdivision (c).

(2) The share of the member shall be the total disability allowance reduced by the share of the nonmember spouse. The share of the member shall be considered the disability allowance of the member for purposes of Section 24213.

(f) The nonmember spouse who receives a retirement allowance is not a retired member under this part. However, the allowance of the nonmember spouse shall be increased by application of the improvement factor and shall be eligible for the application of supplemental increases and other benefit maintenance provisions under this part, including, but not limited to, Sections 24412 and 24415 based on the same criteria used for the application of these benefit maintenance increases to the service retirement allowances of members.

(g) Paragraphs (1) to (3), inclusive, of subdivision (c) shall not apply to a nonmember spouse of a member subject to the California Public Employees' Pension Reform Act of 2013. For a person who is a nonmember spouse of a member subject to the California Public Employees' Pension Reform Act of 2013 and is awarded a separate account, the retirement allowance shall equal the percentage of final compensation for each year of credited service that is equal to the percentage specified in Section 24202.6 based on the age of the nonmember spouse on the effective date of the allowance.

The option to reduce the member's workload shall be exercised at the request of the member if all of the following conditions are met:

(1) The member is employed by either of the following:

(2) The reduced workload shall be equal to at least one-half of the time the employer requires for full-time employment in that position in accordance with Section 22138.5.

(3) The member shall be paid creditable compensation that is the pro rata share of the creditable compensation the member would have been paid for that position had the member not reduced his or her workload.

(4) For each school year the member's workload is reduced pursuant to this section, the member shall make contributions to the Teachers' Retirement Fund in the amount that the member would have contributed if the member had performed creditable service for that position on a full-time basis and if that service was subject to coverage under the Defined Benefit Program.

(5) For each school year the member's workload is reduced pursuant to this section, the employer shall contribute to the Teachers' Retirement Fund at a rate adopted by the board as a plan amendment with respect to the Defined Benefit Program an amount based upon the creditable compensation that would have been paid to the member if the member had performed creditable service for that position on a full-time basis and if that service was subject to coverage under the Defined Benefit Program.

(d) The employer shall maintain the necessary records to separately identify each member who participates in the reduced workload program pursuant to this section.

(e) The agreement to reduce a member's workload shall be terminated if one of the following actions is taken:

(1) The member's employment is terminated prior to the end of the school term.

(2) The member performs less than one-half of the days or hours the employer requires for full time in that position pursuant to Section 22138.5.

(3) The member and the employer mutually agree that the member will perform creditable service without making contributions in accordance with paragraphs (4) and (5) of subdivision (c).

(f) Upon termination of the agreement for any of the reasons described in subdivision (e):

“(b) The regulations shall include, but may not be limited to, the following:

“(d) For each school year the member’s workload is reduced pursuant to this section, the member shall make contributions to the Teachers’ Retirement Fund in the amount that the member would have contributed if the member had performed creditable service on a full-time basis and if that service was subject to coverage under the Defined Benefit Program.

“(e) For each school year the member’s workload is reduced pursuant to this section, the employer shall contribute to the Teachers’ Retirement Fund at a rate adopted by the board as a plan amendment with respect to the Defined Benefit Program an amount based upon the creditable compensation that would have been paid to the member if the member had performed creditable service on a full-time basis and if that service was subject to coverage under the Defined Benefit Program.

(4) The employer transmits to the retirement fund the administrative costs incurred by the system in implementing this section, as determined by the Teachers' Retirement Board.

(5) The employer has considered the availability of teachers or academic employees to fill the positions that would be vacated pursuant to this section.

(b) (1) The school district shall demonstrate and certify to the county superintendent that the formal action taken would result in a net savings to the district.

(2) The county superintendent shall certify to the Teachers' Retirement Board that the result specified in paragraph (1) can be demonstrated. The certification shall include, but not be limited to, the information specified in subdivision (c) of Section 14502.1.

(3) The school district shall reimburse the county superintendent for all costs to the county superintendent that result from the certification.

(c)(1) The county office of education shall demonstrate and certify to the Superintendent of Public Instruction that the formal action taken would result in a net savings to the county office of education.

(2) The Superintendent of Public Instruction shall certify to the Teachers' Retirement Board that the result specified in paragraph (1) can be demonstrated. The certification shall include, but not be limited to, the information specified in subdivision (c) of Section 14502.1.

(3) The Superintendent of Public Instruction may request reimbursement from the county office of education for all administrative costs that result from the certification.

(3) The chancellor may request reimbursement from the community college district for all administrative costs that result from the certification.

(e) The opportunity to be granted service credit pursuant to this section shall be available to all members employed by the school district, community college district, or county office of education who meet the conditions set forth in this section.

(f) The amount of service credit shall be two years.

(g) Any member of the Defined Benefit Program who retires under this part for service under Chapter 27 (commencing with Section 24201) with service credit granted under this section and who subsequently reinstates shall forfeit the service credit granted under this section.

(h) Any member of the Defined Benefit Program who retires under this part for service under Chapter 27 (commencing with Section 24201) with service credit granted under this section and who takes any job as an employee, independent contractor, or as an employee of a third party with the school district, community college district, or county office of education that granted the member the service credit less than five years after receiving the credit shall forfeit the ongoing benefit the member receives from the additional service credit granted under this section.

(i) This section does not apply to any member otherwise eligible if the member receives any unemployment insurance payments arising out of employment with an employer subject to this part within one year following the effective date of the formal action under subdivision (a), or if the member is not otherwise eligible to retire for service.

(a) Notwithstanding any other provisions of this part, whenever the Governor, by executive order, determines that because of an impending curtailment of, or change in the manner of performing service, the best interest of the state would be served by encouraging the retirement of state employees, and that sufficient economies could be realized to offset any cost to state agencies resulting from this section, an additional two years of service shall be credited under this part to members of the Defined Benefit Program, who are state employees, if the following conditions exist:

(1) The member is credited with five or more years of service and retires during a period not to exceed 120 days or less than 60 days commencing no sooner than the date of issuance of the Governor's executive order specifying that period.

(2) (A) The appointing power, as defined in Section 18524 of the Government Code, transfers to the retirement fund an amount determined by the board to equal the actuarial equivalent of the difference between the allowance the member receives after the receipt of service credit under this section and the amount the member would have received without the service credit. The transfer to the retirement fund shall be made in a manner and time period acceptable to the employer and the board.

(B) Regular interest shall be charged on the unpaid balance if the employer makes the transfer to the retirement fund in installments.

(3) The appointing power determines that it is electing to exercise the provisions of this section, pursuant to the Governor's order, and certifies to the Department of Finance and to the Legislative Analyst, as to the specific economies that would be realized if the additional service credit toward retirement were granted.

(b) As used in this section, "member" means a state employee who is employed in a job classification, department, or other organizational unit designated by the appointing power, as defined in Section 18524 of the Government Code.

(c) The amount of service credit shall be two years regardless of credited service, but shall not exceed the number of years intervening between the date of the member's retirement under this part and the date the member would be required to be retired because of age. The appointing power shall make the payment with respect to all eligible employees who retire pursuant to this section.

(d) Any member who qualifies under this section, upon subsequent reinstatement under this part, shall forfeit the service credit granted under this section.

(e) This section shall not be applicable to any member otherwise eligible if that member receives any unemployment insurance payments arising out of employment with an employer subject to this part during a period extending one year beyond the date of issuance of the executive order or if the member is not eligible to retire without the additional credit available under this section.

(f) The benefit provided by this section shall not be applicable to the employees of any appointing power until the Director of Finance approves the transmittal of funds by that appointing power or the Board of Regents or the Board of Trustees to the retirement fund pursuant to paragraph (2) of subdivision (a).

(g) The Director of Finance shall approve the transmittal of funds by the appointing power not sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house of the Legislature that considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than any lesser time that the chairperson of the committee, or his or her designee, may in each instance determine. If there is any written communication between the Director of Finance and the Legislative Analyst, a copy of the communication shall be transmitted to the chairperson of each appropriate policy committee.

Notes of Decisions**Decisions Under Former Ed C § 23400**

Ed. Code, § 23401 et seq. (continuing appropriation of funds from General Fund to Teachers' Retirement Fund), do not violate the "one item" requirement of Cal. Const. art. IV, § 12, subd. (d), even though they were part of a measure appropriating money to multiple public entities in addition to the retirement fund, since the single purpose of the measure which included § 23401 et seq. was the restructuring of the public finance of local public entities in response to the enactment of Proposition 13 (Cal. Const., art XIII A). An appropriation addressing the debt expense of unfunded pension liability was reasonably germane to this general purpose. In the circumstances presented by the adoption of Proposition 13, there was no constitutional flaw in enacting one complex appropriation measure which financed the services which were financially impaired. *California Teachers Assn. v. Cory* (1984, Cal App 3d Dist) 155 Cal App 3d 494, 202 Cal Rptr 611, 1984 Cal App LEXIS 2002.

Ed. Code, § 23401 et seq. (continuing appropriation of funds from General Fund to Teachers' Retirement Fund), imply a legislative intent to grant private rights of contract, since pension rights come within the domain of contracts, and since an offering of pension rights in return for employee services expresses an element of exchange and thereby implies that the rights will be private rights. It is a matter of indifference whether the consideration furnished by teachers runs to the state; what is essential is that reciprocal consideration is furnished to someone. Accordingly, a contract was established when the promise to permanently fund the retirement system embodied in § 23401 et seq. was accepted by teachers by initial or continued employment. *California Teachers Assn. v. Cory* (1984, Cal App 3d Dist) 155 Cal App 3d 494, 202 Cal Rptr 611, 1984 Cal App LEXIS 2002.

A legislative intent to grant contractual rights can be implied from a statute if it contains an unambiguous element of exchange of consideration by a private party for consideration offered by the state. Once an implied contract is demonstrated, it is of equal dignity with an express contract for purposes of the prohibition against impairment of contractual obligations. *California Teachers Assn. v. Cory* (1984, Cal App 3d Dist) 155 Cal App 3d 494, 202 Cal Rptr 611, 1984 Cal App LEXIS 2002.

- (7) On July 1, 2020, by 10.85 percent.

(b) (1) For fiscal year 2021–22 and each fiscal year thereafter, the board shall increase or decrease the percentages paid specified in this section from the percentage paid during the prior fiscal year to reflect the contribution required to eliminate by June 30, 2046, the remaining unfunded actuarial obligation with respect to service credited to members before July 1, 2014, as determined by the board based upon a recommendation from its actuary.

(2) If a rate adjustment is required, the percentages authorized in paragraph (1) shall not change in any single fiscal year by more than 1.00 percent of the creditable compensation upon which members' contributions to the Defined Benefit Program are based. The percentages described in subdivision (a) and as may be adjusted pursuant to this subdivision shall not exceed 12.00 percent of the creditable compensation upon which members' contributions to the Defined Benefit Program are based, inclusive of the percentages identified in subdivision (a).

(3) The board shall not increase the rates in order to supplant the state's obligation pursuant to Section 22955.1.

(b) A dollar amount to pay in advance, on behalf of employers, part of the contributions required by employers for the 2020–21 fiscal year, such that it will result in employers having to contribute 2.95 percentage points less in the 2020–21 fiscal year than the percentage set by paragraph (7) of subdivision (a) of Section 22950.5.

(c) A dollar amount to pay in advance, on behalf of employers, part of the contributions required by employers for the 2021–22 fiscal year, such that it will result in employers having to contribute 2.18 percentage points less in the 2021–22 fiscal year than the percentage set by the board pursuant to subdivision (b) of Section 22950.5.

(d) Any remainder of the payment that has not been committed to the purposes specified in subdivisions (a), (b), and (c) shall be allocated to reduce the employers' share of the unfunded actuarial obligation determined pursuant to Section 22950.5.

Added by Stats 2019 ch 33 § 1 (SB 90), effective June 27, 2019. Amended by Stats 2020 ch 16 § 1 (AB 84), effective June 29, 2020.

Notes of Decisions

1. Generally

Both the plain language of Ed C § 22954 and the legislative history indicate that Assem. Bill. No. 1102 contractually obligates the State to make an annual contribution of 2.5 percent of creditable compensation into the California Teachers' Retirement Fund's Supplemental Benefit Maintenance Account (SBMA), and reducing the income stream available to pay the supplemental benefits by \$500 million through Senate Bill 20 (SB 20) increases the risk to California State Teachers' Retirement System members that the SBMA funds will be insufficient to make the supplemental benefit payments in the future. Because SB 20 does not compensate the members for this increased risk or provide a comparable new advantage in place of the \$500 million, SB 20 impairs the contractual rights bestowed by Assem. Bill. No. 1102 in violation of the state and federal constitutions. *Teachers' Retirement Bd. v. Genest* (2007, 3d Dist) 154 Cal App 4th 1012, 65 Cal Rptr 3d 326, 2007 Cal App LEXIS 1438, review denied *Teachers' Retirement Board v. Genest* (2007, Cal.) 2007 Cal. LEXIS 13040.

§ 22954.1. Report to Legislature on system's ability to provide purchasing power protection; Appropriation (Inoperative July 1, 2036; Repealed January 1, 2037) (Supplemental Benefit Maintenance Account)

(a) Consistent with a process it establishes pursuant to subdivision (e), the board shall periodically adopt an actuarial projection regarding the ability of the system to continue providing, over a term to be established by the board, the purchasing power protection that is, at the time of the projection, being provided from the funds of the Supplemental Benefit Maintenance Account.

(b) If the board, in adopting the actuarial projection described in subdivision (a), determines that the annual transfers to the Supplemental Benefit Maintenance Account described in Section 22954, combined with all other anticipated sources of income to the account, are likely to be more than sufficient over the term established by the board to continue providing the purchasing power protection being provided at the time of the projection, it shall identify the maximum level of purchasing power protection benefits that it expects to be sustainable over that term from these contributions and other sources of income.

(c) If the board, in adopting the actuarial projection described in subdivision (a), determines that the annual transfers to the Supplemental Benefit Maintenance Account described in Section 22954, combined with all other anticipated sources of income to the account, are likely to be less than sufficient over the term established by the board to continue providing the purchasing power protection being provided at the time of the projection, it shall identify the maximum level of purchasing power protection benefits that it expects to be sustainable over that term from these contributions and other sources of income.

(d) It is the intent of the Legislature that the board shall adopt the projections and determinations described in subdivisions (a), (b), and (c) pursuant to its powers and responsibilities under Section 17 of Article XVI of the California Constitution, including, but not limited to, the board's fiduciary responsibility to the system's participants and their beneficiaries and the board's sole and exclusive power to provide for actuarial services of the system. Therefore, in its adoption of the projections and determinations required in subdivisions (a), (b), and (c), the board may utilize any actuarial assumptions, methods, and standards that it deems appropriate to determine the level of purchasing power protection benefits that it expects can be sustained over the term established by the board by funds of the Supplemental Benefit Maintenance Account.

(e) The board shall determine the frequency and timing of its adoption of the actuarial projection described in subdivision (a) in regulations that it adopts pursuant to subdivision (e) of Section 24415.5.

(f) The board shall promptly provide to the Director of Finance, the Chairperson of the Joint Legislative Budget Committee, the chairpersons of the Senate Committee on Public Employment and Retirement and the Assembly Committee on Public Employees, Retirement and Social Security, and the Legislative Analyst a summary of its actuarial projections and other determinations, as adopted pursuant to

subdivisions (a), (b), and (c). The report shall include a description of any adjustments of benefits made pursuant to Section 24415.5.

Added by Stats 1st Ex Sess 2003–2004 ch 6 § 3 (SB 20X), effective May 5, 2003, operative until July 1, 2036. Amended by Stats 2008 ch 751 § 6 (AB 1389), effective September 30, 2008.

Amendments

2008 Amendment: Substituted the section for the former section which read:

“(a) Beginning in 2006, and every four years thereafter, the board shall, based on an actuarial valuation approved by the board, report to the Legislature and the Director of Finance regarding the anticipated ability of the system to provide the purchasing power protection contemplated by Chapter 840 of the Statutes of 2001 during each year until June 30, 2036. The actuarial valuation shall take into consideration all expected contributions to the Supplemental Benefit Maintenance Account, expected expenditures from the account, and expected investment returns.

“(b) On July 30 of the calendar year following any calendar year in which the board, as a result of the quadrennial valuation required by subdivision (a), reports that the funds in the Supplemental Benefit Maintenance Account will be insufficient in any fiscal year before July 1, 2036, to provide the purchasing power protection contemplated by Chapter 840 of the Statutes of 2001, there is hereby appropriated from the General Fund to the Controller the amount necessary to provide that purchasing power protection, as determined by the actuary, taking into consideration all expected contributions to the Supplemental Benefit Maintenance Account, expected expenditures from the account, and expected investment returns, and subject to the limitation in subdivision (c). The amount appropriated pursuant to this section shall be transferred by the Controller to the Supplemental Benefit Maintenance Account upon certification of the amount by the Director of Finance.

“(c) The aggregate amount of funds appropriated pursuant to subdivision (b) is limited to an amount equal to five hundred million dollars (\$500,000,000) adjusted by the actual rate of return on funds in the Supplemental Benefit Maintenance Account from July 1, 2003, after taking into account any amount previously appropriated pursuant to subdivision (b). In calculating this limit, the sum of five hundred million dollars (\$500,000,000) shall be treated as an initial principal amount, and this amount shall be adjusted at the end of each fiscal year based on the actual investment return of the Supplemental Benefit Maintenance Account during the preceding fiscal year and shall be reduced by any amounts appropriated pursuant to subdivision (b) as of the date of the transfer.

“(d) This section shall become inoperative on July 1, 2036, and, as of January 1, 2037, is repealed, unless a later enacted statute that is enacted before January 1, 2037, deletes or extends the dates on which it becomes inoperative and is repealed.”

Notes of Decisions

1. Generally

Ed C § 22954.1 merely substitutes an obligation to make a fixed payment with a conditional promise to make a deferred payment for a limited period of time. The replacement of an express obligation to pay a fixed sum of money with a promise to pay the sum if one proves one needs it and, even then, only if one needs it before a specific date, is not a comparable new advantage. *Teachers’ Retirement Bd. v. Genest* (2007, 3d Dist) 154 Cal App 4th 1012, 65 Cal Rptr 3d 326, 2007 Cal App LEXIS 1438, review denied, *Teachers’ Retirement Board v. Genest* (2007, Cal.) 2007 Cal. LEXIS 13040.

§ 22954.5. Additional appropriations for Supplemental Benefit Maintenance Account in the Teachers’ Retirement Fund

(a) In addition to the amounts appropriated for transfer to the Supplemental Benefit Maintenance Account in Section 22954, there is hereby appropriated from the General Fund to the Controller for transfer to the Supplemental Benefit Maintenance Account in the Teachers’ Retirement Fund the following amounts in each of the specified fiscal years, as follows:

“2008-10	\$56,979,949
“2009-11	\$56,979,949
“2010-12	\$56,979,949

“2011-13\$56,979,949

(b) It is the intent of the Legislature that the annual Budget Act for each of the fiscal years described in subdivision (a) display the amounts listed above in Item 1920-011-0001 as an informational item, along with other estimated amounts required to be transferred from the General Fund to the Teachers’ Retirement Fund pursuant to Sections 22954 and 22955. In the reports, calculations, and schedules that the system submits pursuant to Section 22955.5 for the purpose of informing the Department of Finance, the Legislature, and the Controller of the state’s appropriations pursuant to Sections 22954 and 22955 in each of the fiscal years listed in subdivision (a), the system shall also include the amounts appropriated for transfer to the Supplemental Benefit Maintenance Account in subdivision (a). Upon appropriation, the amounts listed in subdivision (a) may be transferred on or after July 1 in each of the fiscal years indicated.

(c) The appropriation in subdivision (a) fulfills the intent of the Legislature described in Chapter 59 of the Statutes of 2008 to pay interest on the judgment in the case of Teachers’ Retirement Board v. Genest and Chiang, Sacramento County Superior Court Case No. 03CS01503.

Added by Stats 2008 ch 751 § 8 (AB 1389), effective September 30, 2008.

Former Sections: Former § 22954.5, relating to reduction in contributions, was added by Stats 1997 ch 939 § 3 and repealed by Stats 2008 ch 751 § 7, effective September 30, 2008.

§ 22955. Transfer to retirement fund (Continuous appropriation)

(a) Notwithstanding Section 13340 of the Government Code, commencing July 1, 2003, a continuous appropriation is hereby annually made from the General Fund to the Controller, pursuant to this section, for transfer to the Teachers’ Retirement Fund. The total amount of the appropriation for each year shall be equal to 2.017 percent of the total of the creditable compensation of the fiscal year ending in the immediately preceding calendar year upon which members’ contributions are based, as reported annually to the Director of Finance, the Chairperson of the Joint Legislative Budget Committee, and the Legislative Analyst pursuant to Section 22955.5, and shall be divided into four equal payments. The payments shall be made on, or the following business day after, July 1, October 1, December 15, and April 15 of each fiscal year.

(b) Notwithstanding Section 13340 of the Government Code, commencing October 1, 2003, a continuous appropriation, in addition to the appropriation made by subdivision (a), is hereby annually made from the General Fund to the Controller for transfer to the Teachers’ Retirement Fund. The total amount of the appropriation for each year shall be equal to 0.524 percent of the total of the creditable compensation of the fiscal year ending in the immediately preceding calendar year upon which members’ contributions are based, as reported annually to the Director of Finance, the Chairperson of the Joint Legislative Budget Committee, and the Legislative Analyst pursuant to Section 22955.5, and shall be divided into four equal quarterly payments. The percentage shall be adjusted to reflect the contribution required to fund the normal cost deficit or the unfunded obligation as determined by the board based upon a recommendation from its actuary. If a rate increase is required, the adjustment may be for no more than 0.25 percent per year and in no case may the transfer made pursuant to this subdivision exceed 1.505 percent of the total of the creditable compensation of the fiscal year ending in the immediately preceding calendar year upon which members’ contributions are based. At any time when there is neither an unfunded obligation nor a normal cost deficit, the percentage shall be reduced to zero. The funds transferred pursuant to this subdivision shall first be applied to eliminating on or before June 30, 2027, the unfunded actuarial liability of the fund identified in the actuarial valuation as of June 30, 1997.

(c) For the purposes of this section, the term “normal cost deficit” means the difference between the normal cost rate as determined in the actuarial valuation required by Section 22311 and the total of the member contribution rate required under Section 22901 and the employer contribution rate required under Section 22950, and shall exclude (1) the portion for unused sick leave service credit granted pursuant to Section 22717, and (2) the cost of benefit increases that occur after July 1, 1990. The

contribution rates prescribed in Section 22901 and Section 22950 on July 1, 1990, shall be utilized to make the calculations. The normal cost deficit shall then be multiplied by the total of the creditable compensation upon which member contributions under this part are based to determine the dollar amount of the normal cost deficit for the year.

(d) Pursuant to Section 22001 and case law, members are entitled to a financially sound retirement system. It is the intent of the Legislature that this section shall provide the retirement fund stable and full funding over the long term.

(e) This section continues in effect but in a somewhat different form, fully performs, and does not in any way unreasonably impair, the contractual obligations determined by the court in *California Teachers' Association v. Cory*, 155 Cal.App.3d 494.

(f) Subdivision (b) shall not be construed to be applicable to any unfunded liability resulting from any benefit increase or change in contribution rate under this part that occurs after July 1, 1990.

(g) The provisions of this section shall be construed and implemented to be in conformity with the judicial intent expressed by the court in *California Teachers' Association v. Cory*, 155 Cal.App.3d 494.

(h) Subdivisions (a) through (g), inclusive, shall be inoperative on and after July 1, 2014, and shall become operative beginning the earlier of July 1, 2046, or July 1 of the first fiscal year after a 30-day notice has been sent to the Joint Legislative Budget Committee and the Controller in compliance with subdivision (d) of Section 22957.

Added by Stats 2000 ch 1021 § 37 (AB 2700), operative July 1, 2003. Amended by Stats 2008 ch 751 § 9 (AB 1389), effective September 30, 2008; Stats 2009–2010 8th Ex Sess ch 1 § 2 (ABX8 5) (ch 1 prevails), effective March 1, 2010; Stats 2010 ch 207 § 10 (AB 2260), effective January 1, 2011; Stats 2014 ch 47 § 8 (AB 1469), effective June 24, 2014, inoperative July 1, 2014.

Former Sections: Former § 22955, similar to the present section, was added by Stats 1993 ch 893 § 2, amended by Stats 1997 ch 482 § 20, Stats 1998 ch 967 § 4, effective September 29, 1998, Stats 1999 ch 939 § 55, Stats 2000 ch 1021 § 36, and repealed, January 1, 2005, by its own terms.

Amendments

2008 Amendment: Substituted **(1)** “as reported annually to the Director of Finance, the Chairperson of the Joint Legislative Budget Committee, and the Legislative Analyst pursuant to Section 22955.5” for “to be calculated on October 1” in subd (a); and **(2)** “as reported annually to the Director of Finance, the Chairperson of the Joint Legislative Budget Committee, and the Legislative Analyst pursuant to Section 22955.5,” for “to be calculated annually on October 1” in the second sentence of subd (b).

2010 Amendment: **(1)** Amended the second sentence of subd (a) by deleting **(a)** “and” after “contributions are based,”; and **(b)** “quarterly” after “into four equal”; and **(2)** added the last sentence of subd (a).

2014 Amendment: Substituted subd (h) for former subd (h) which read: “(h) This section shall become operative on July 1, 2003, if the revenue limit cost-of-living adjustment computed by the Superintendent of Public Instruction for the 2001-02 fiscal year is equal to or greater than 3.5 percent. Otherwise this section shall become operative on July 1, 2004.”

(b) (1) Commencing July 1, 2014, the amount of the appropriation required under subdivision (a) shall increase by the following percentages of the creditable compensation upon which that appropriation is based:

(2) Except as provided in paragraph (3), for the 2017-18 fiscal year and each fiscal year thereafter, the board shall increase or decrease the percentage specified in this subdivision from the percentage paid during the prior fiscal year to reflect the contribution required to eliminate the remaining unfunded actuarial obligation, as determined by the board based upon a recommendation from its actuary. If a rate increase is required, the adjustment may be for no more than 0.50 percent per year of the total of the creditable compensation of the fiscal year ending in the immediately preceding calendar year upon which members' contributions are based. At any time when there is not an unfunded actuarial obligation as determined by the board, the percentage specified in this subdivision shall be reduced to zero.

This paragraph does not prevent payments towards the unfunded actuarial obligation from being made from other sources of funding, including, but not limited to, other sources in the General Fund.

(c) Pursuant to Section 22001 and case law, members are entitled to a financially sound retirement system. It is the intent of the Legislature that this section shall provide the retirement fund stable and full funding over the long term.

(d) This section continues in effect but in a somewhat different form, fully performs, and does not in any way unreasonably impair, the contractual obligations determined by the court in *California Teachers Association v. Cory* (1984) 155 Cal.App.3d 494.

(e) Subdivision (b) shall not be construed to be applicable to any unfunded actuarial obligation resulting from any benefit increase or change in contribution rate under this part that occurs after July 1, 1990, except that state contributions made pursuant to subdivision (b) shall be allocated to reduce the unfunded actuarial obligation resulting from the benefits and contribution rates in effect as of July 1, 1990.

(f) The provisions of this section shall be construed and implemented to be in conformity with the judicial intent expressed by the court in *California Teachers Association v. Cory* (1984) 155 Cal.App.3d 494.

(g) (1) Except as described in paragraph (2), this section shall become inoperative on July 1, 2046, and as of January 1, 2047, is repealed.

(2) Notwithstanding paragraph (1), on July 1 of the first fiscal year after a 30-day notice has been sent to the Joint Legislative Budget Committee and the Controller in compliance with subdivision (d) of Section 22957, this section shall become inoperative and, as of the following January 1, is repealed.

Added by Stats 2014 ch 47 § 9 (AB 1469), effective June 24, 2014. The Department of Finance shall provide to the Controller a schedule establishing the timing of specific transfers to be used for these purposes.

(b) The supplemental payment described in this section is for the state’s unfunded actuarial obligation determined pursuant to Section 22955.1 and is in excess of the current appropriation. On or after April 15 and on or before May 1 of each year, the system shall submit to the Controller a copy of this calculation, along with a requested schedule of transfers to be made pursuant to the appropriations in Sections 22954, 22955 and 22955.1 in the next fiscal year beginning on the next July 1. This estimate shall be solely within the discretion of the Director of Finance, and the director need not wait for a final cost estimate, nor any other administrative determination, from the Commission of State Mandates prior to making this determination.

(b) If there is no surviving spouse or upon the death of the surviving spouse, to each dependent child, an amount equal to 10 percent of the deceased member's final compensation or the disabled member's projected final compensation, up to a maximum allowance of 50 percent. If there are more than five dependent children, they shall share equally in the maximum allowance of 50 percent.

(c) To the surviving spouse at 60 years of age or over if there is no dependent child, a monthly allowance equal to the amount that would have been payable to the spouse as beneficiary under Option 3 pursuant to Section 24300, as that section read on December 31, 2006, that provides an allowance equal

to one-half of the modified retirement allowance the member would have received at 60 years of age, computed on the member's projected final compensation and projected service to normal retirement age. The allowance payable under this subdivision shall be increased by application of the benefit improvement factor for time that elapses between the date the member would have attained normal retirement age and the date the family allowance under this subdivision begins to accrue. The allowance calculation shall include service credit for the unused sick leave that had accrued to the member as of the date of his or her death. Eligibility for the inclusion of service credit for unused sick leave credit and the calculation of that service credit shall be determined pursuant to Section 22717.

The allowance calculation shall include service credit for the unused sick leave that had accrued to the member as of the date of his or her death. Eligibility for the inclusion of service credit for unused sick leave and the calculation of that service credit shall be determined pursuant to Section 22717. If there are two dependent parents, only one family allowance shall be payable under this subdivision and that allowance shall be computed on the assumption that the younger parent is the option beneficiary and the allowance shall be divided equally for as long as there are two dependent parents. Thereafter, the full allowance shall be payable to the surviving dependent parent.

(e) The surviving spouse or dependent parent may elect to begin receiving the family allowance payable under subdivision (c) or (d) immediately upon the later of the death of the member or when there is no dependent child, or to defer receipt of the allowance to the date the surviving spouse or dependent parent attains 60 years of age. If allowance payments commence prior to the date the surviving spouse or dependent parent attains 60 years of age, the allowance payable shall be actuarially reduced.

(f) If there is no dependent child, a surviving spouse or dependent parent or parents may elect, prior to receipt of the first payment under subdivision (c) or (d), to receive the member's accumulated retirement contributions in a lump sum subject to a reduction for any disability allowance or family allowance payments previously made.

(g)(1) The allowance calculated under this section shall not include either of the following:

(A) The increase in the percentage of final compensation pursuant to Section 24203.5.

(B) The increase in the monthly allowance pursuant to Section 24203.6.

(2) This subdivision does not constitute a change in, but is declaratory of, the existing law.

(g) If there is no surviving spouse, an allowance in an amount equal to 10 percent of the deceased member's final compensation shall be paid to each dependent child who is under 21 years of age, up to a maximum of 50 percent of final compensation. If there are more than five dependent children, they shall receive allowances in equal shares of the 50 percent of final compensation. Notes of Decisions

Because a disability allowance calculated under Ed C § 24006 for a teacher who was not eligible for a service retirement did not provide him with retirement income, as indicated in Ed C § 24213(a), but only replaced his lost earnings after separation and before retirement, which were his separate property, his wife had no community property interest in the allowance. Thus, the family court erred when it denied his Fam C § 2122 motion to set aside orders that had awarded the wife a community property interest in the disability allowance. In re Marriage of Walker (2012, 6th Dist) 203 Cal App 4th 137, 137 Cal Rptr 3d 611, 2012 Cal App LEXIS 100, reh'g denied, Walker v. Walker (2012, Cal. App. 6th Dist.) — P.3d —, 2012 Cal. App. LEXIS 160.

§ 24007. Calculation of allowance on credited service

A member who qualifies for a disability allowance under this chapter and who has attained age 45 years, but who has not yet attained age 60 years, shall have his or her allowance calculated upon service with each year of credited California service providing 5 percent of final compensation. The disabled member shall receive the lesser of this amount or the amount provided by Section 24006. A child's portion of the allowance shall be determined pursuant to Section 24006. This section shall not apply to a member who is eligible to apply for a disability allowance under subdivision (c) of Section 24001.

The benefit for dependent children shall be as specified”.

1997 Amendment: Added the last sentence.

§ 24009. Reduction when eligible dependent children become ineligible

A disability allowance payable pursuant to Sections 24006 and 24007 that includes a child's portion shall be reduced when a dependent child becomes ineligible. However, the member's disability allowance shall not be less than it would have been if there had never been a dependent child.

§ 24010. Reduction for benefits paid or payable under other public systems

Willful failure to initiate and continue participation in the treatment program shall cause the disability allowance to be terminated. In determining whether a member has good cause for failure to follow the treatment program, the board shall take into account whether treatment would abridge the member's right to the free exercise of religion or whether the member's physical or mental condition has worsened, as determined by the member's treating physician and substantiated by medical evidence.

Added by Stats 1993 ch 893 § 2 (AB 1796). Amended by Stats 1996 ch 634 § 200 (SB 2041); Stats 1998 ch 965 § 153 (AB 2765).

The board shall pay all reasonable costs of the approved program. Willful failure to initiate and continue participation in the rehabilitation program shall cause the disability allowance to be terminated. In determining whether a member has good cause for failure to participate in the program, the board shall take into account whether the participation would abridge the member's right to the free exercise of religion or whether the member's physical or mental condition has worsened, as determined by the member's treating physician and substantiated by medical evidence.

The system may request the member's treating physician, upon authorization by the disabled member, to complete a medical reevaluation questionnaire. The system shall reimburse the disabled member for all reasonable costs related to completion of this questionnaire in an amount not to exceed two hundred fifty dollars (\$250) if the disabled member has no other health coverage that would pay the costs of completing the medical questionnaire. The board may authorize a medical examination to be conducted by the disabled member's treating source at the disabled member's expense and, in any case, may require a medical examination to be conducted by a physician selected by the board, in which event, the board shall pay all reasonable costs associated with the examination. (a) The member has five or more years of credited service and all of the following requirements are met:

(1) At least four years were credited for actual service performed subject to coverage under the Defined Benefit Program. Credit received because of workers' compensation payments shall be counted toward the four-year requirement in accordance with Section 22710.

(2) The last five years of credited service were performed in this state.

(3) Except as described in subdivision (d) of Section 24201.5, the member is not currently receiving a service retirement allowance and at least one year of credited service was earned subsequent to the date on which the member terminated a service retirement allowance under Section 24208.

(5) At least one year of credited service was earned subsequent to the most recent refund of accumulated retirement contributions.

(6) The member is not applying for a disability retirement because of a physical or mental condition known to exist at the time the most recent membership in the Defined Benefit Program commenced and that remains substantially unchanged at the time of application.

(b) Nothing in subdivision (a) shall affect the right of a member to a disability retirement if the reason that the member has performed less than four years of actual service is due to an on-the-job injury or a disease while in employment subject to coverage by the Defined Benefit Program and the four-year requirement can be satisfied by credit obtained under Chapter 14 (commencing with Section 22800) or Chapter 14.5 (commencing with Section 22850) in addition to any credit received from workers' compensation payments.

(1) The member has at least one year of credited service performed in this state.

(2) The disability is a direct result of an unlawful act of bodily injury that was perpetrated on his or her person by another human being while the member was performing his or her official duties in a position subject to coverage under the Defined Benefit Program.

(3) The member provides documentation of the unlawful act in the form of an official police report or official employer incident report.

Notes of Decisions

Application timing requirements of Ed C § 24102 apply even if the person applying is otherwise eligible for benefits under Ed C § 24101(c). *Welch v. California State Teachers' Retirement Bd.* (2012, 3d Dist) 2012 Cal App LEXIS 85.

Ed C § 24101(b) does not operate as a complete exception to the eligibility requirements in § 24101(a), which include the basic requirement of five years of credited service. Thus, where a teacher did not have five years of credited service, the question of whether she could have satisfied the “four years of actual service” requirement by means of the exception in § 24101(b), was moot. *Welch v. California State Teachers' Retirement Bd.* (2012, 3d Dist) 2012 Cal App LEXIS 85.

Where a representative of the California State Teachers' Retirement Board (CalSTRS) misled a teacher about the eligibility requirements for disability retirement benefits under Ed C § 24101, the teacher's 2005 application for disability benefits, arising from a 1998 attack by students, should have been remanded to CalSTRS to decide whether to exercise its power to relieve the teacher from the consequences of the late-filed application, including her inability to prove with contemporaneous medical evidence that she was disabled in 1999. *Welch v. California State Teachers' Retirement Bd.* (2012, 3d Dist) 2012 Cal App LEXIS 85.

California State Teachers' Retirement System reasonably ordered independent medical examinations of a disability benefits applicant whose documentation in support of application timeliness was inadequate to resolve questions as to a possible pre-existing condition and the scope of the disability. Failure to appear for the examinations mandated rejection, and disability determinations in prior administrative proceedings did not give rise to collateral estoppel or excuse the failure to appear. *Duarte v. § 24101.5. Eligibility for disability while officer of organization

A member shall not be eligible for disability retirement under the Defined Benefit Program while on a leave of absence to serve as a full-time, elected officer of an employee organization, even if the member receives service credit under Section 22711.

Added by Stats 1997 ch 386 § 3.5 (SB 629). Amended by Stats 1999 ch 939 § 63 (SB 1074).

Amendments

1999 Amendment: (1) Substituted “under the Defined Benefit Program” for “from this plan”; (2) added the comma after “full-time”; and (3) substituted “the member receives” for “receiving”.

§ 24102. Time for application for disability retirement allowance (Conditions for application)

(a) The board may authorize payment of a disability retirement allowance under this part to any member who is qualified upon application by the member, the member's guardian or conservator, or the member's employer, if the application is submitted on a properly executed form prescribed by the system during any one of the following periods:

(1) While the member is employed and has performed creditable service within the four months previous to application, or while the member is on a compensated leave of absence.

(2) While the member is physically or mentally incapacitated for performance of service and the incapacity has been continuous from the last day of actual performance of service for which compensation is payable to the member.

(3) While the member is on a leave of absence without compensation, granted for reason other than mental or physical incapacity for performance of service, and within four months after the last day of actual performance of service for which compensation is payable to the member, or within 12 months of that date if the member was on an employer-approved leave to study at an approved college or university.

(4) Within four months after the termination of the member's employment subject to coverage under the Defined Benefit Program, if the application was not made under paragraph (2) and was not made more than four months after the last day of actual performance of service for which compensation is payable to the member.

(b) The member is not qualified to receive a disability retirement allowance if the member is applying because of a physical or mental condition that existed at the time the most recent membership in the Defined Benefit Program commenced and which remains substantially unchanged at the time of application.

§ 24103. Medical documentation of impairment; Examination; Request for reasonable accommodation; Administrative appeal

(a) The member shall provide medical documentation substantiating the impairment qualifying the member for the disability retirement under this part.

(b) On receipt of an application for disability retirement under this part, the system may order a medical examination or review of medical documentation of a member to determine whether the member is incapacitated for performance of service. The medical examination or review of medical documentation shall be conducted by a practicing physician, selected by the board, with expertise in the member's impairment, and the board shall pay all costs associated with the examination or review of medical documentation. If the member refuses to submit to the required medical examination or review of medical documentation, the application for disability retirement shall be rejected. If a medical examination is ordered:

(1) The member shall either remain in this state, or return to this state at the member's own expense, to undergo the medical examination or the application shall be rejected, unless this requirement is waived by the board. The board shall pay all other reasonable costs related to travel and meals in accordance with the rates set for state employees by the Department of Human Resources.

(2) If the member is too ill to be examined, the system shall postpone the examination until the member can be examined. The member or the member's treating physician shall inform the system, in writing, when the medical examination can be rescheduled.

(c) The system may reject the disability retirement application under this part if the member fails to provide requested medical documentation to substantiate a disability, as defined in Section 22126, within 45 days from the date of the request or within 30 days from the time that a legally designated representative is empowered to act on behalf of a member who is mentally or physically incapacitated.

(d) If the board determines that a member who has applied for disability retirement under this part may perform service in the member's former position of employment or in a comparable level position with the assistance of reasonable accommodation, the board may require the member to request reasonable accommodation from the employer. Failure of the member to request reasonable accommodation, as directed by the board, may be grounds for cancellation of the disability retirement application under this part.

(e) If the employer fails or refuses to provide reasonable accommodation, the board may require the member to pursue an administrative appeal of the employer's denial as a condition for receiving a disability retirement allowance under this part.

(f) The system shall inform the member of the rejection or cancellation of the member's disability retirement allowance application under this part within 30 days after that determination is made by the system.

(g) In determining whether a member meets the definition of disability pursuant to Section 22126, the board shall make a determination on the basis of competent medical documentation and shall not use the awarding of a disability retirement as a substitute for the disciplinary process.

Notes of Decisions

Teacher retirement unmodified allowance of former Ed C § 24000, and average monthly compensation under Ed C § 22127, and the fixed allowance for the combined lives of the retiree and his beneficiary under former Ed C § 24200(a), violated Title VII of the Civil Rights Act of 1964 on the basis of sex. Under the plan men could not be paid lower monthly benefits simply because men as a class lived shorter lives than women. *Probe v. Notes of Decisions

Teacher retirement unmodified allowance of former Ed C § 24000, and average monthly compensation under Ed C § 22127, and the fixed allowance for the combined lives of the retiree and his beneficiary under former Ed C § 24200(a), violated Title VII of the Civil Rights Act of 1964 on the basis of sex. Under the plan men could not be paid lower monthly benefits simply because men as a class lived shorter lives than women. *Probe v. Notes of Decisions

Because a disability allowance calculated under Ed C § 24006 for a teacher who was not eligible for a service retirement did not provide him with retirement income, as indicated in Ed C § 24213(a), but only replaced his lost earnings after separation and before retirement, which were his separate property, his wife had no community property interest in the allowance. Thus, the family court erred when it denied his Fam C § 2122 motion to set aside orders that had awarded the wife a community property interest in the disability allowance. (a) A member retired for service under this part may perform retired member activities, but the member shall not make contributions to the retirement fund or accrue service credit based on compensation earned from that service. The employer shall maintain accurate records of the earnings of the retired member and report those earnings monthly to the system and retired member as described in Section 22461.

(2) For written agreements pertaining to the performance of retired member activities entered into, extended, renewed, or amended on or after January 1, 2014, the limitation in paragraph (1) shall also apply to payments made for the performance of retired member activities, including, but not limited to, those for participation in a deferred compensation plan; to purchase an annuity contract, tax-deferred retirement plan, or insurance program; and for contributions to a plan that meets the requirements of Section 125, 401(a), 401(k), 403(b), 457(b), or 457(f) of Title 26 of the United States Code when the cost is covered by an employer.

The amount of the reduction in an individual month shall be no more than the monthly allowance payable in that month, and the total amount of the reduction shall not exceed the amount of the annual allowance payable under this part for the fiscal year in which the excess compensation was earned after any reduction made in accordance with subdivision (h) of Section 24214.5.

(a) (1) Notwithstanding subdivision (f) of Section 24214, the postretirement compensation limitation that shall apply to the compensation paid in cash to the retired member for performance of retired member activities, excluding reimbursements paid by an employer for expenses incurred by the member in which payment of the expenses by the member is substantiated, shall be zero dollars (\$0) during the first 180 calendar days after the most recent retirement of a member retired for service under this part.

(2) For written agreements pertaining to the performance of retired member activities entered into, extended, renewed, or amended on or after January 1, 2014, the limitation in paragraph (1) shall also apply to payments made for the performance of retired member activities, including, but not limited to, those for participation in a deferred compensation plan; to purchase an annuity contract, tax-deferred retirement plan, or insurance program; and for contributions to a plan that meets the requirements of Section 125, 401(a), 401(k), 403(b), 457(b), or 457(f) of Title 26 of the United States Code when the cost is covered by an employer.

(b) If the retired member has attained normal retirement age at the time the compensation is earned, subdivision (a) shall not apply and Section 24214 shall apply if the appointment has been approved by the governing body of the employer in a public meeting, as reflected in a resolution adopted by the governing body of the employer prior to the performance of retired member activities, expressing its intent to seek an exemption from the limitation specified in subdivision (a). Approval of the appointment may not be placed on a consent calendar. Notwithstanding any other provision of Division 10 (commencing with Section 7920.000) of Title 1 of the Government Code or any state or federal law incorporated by Section 7927.705 of the Government Code, the resolution shall be subject to disclosure by the entity adopting the resolution and the system. The resolution shall include the following specific information and findings:

(2) A finding that the appointment is necessary to fill a critically needed position before 180 calendar days have passed.

(3) A finding that the member is not ineligible for application of this subdivision pursuant to subdivision (d).

(4) A finding that the termination of employment of the retired member with the employer is not the basis for the need to acquire the services of the member.

(c) Subdivision (b) shall not apply to a retired member whose termination of employment with the employer is the basis for the need to acquire the services of the member.

(d) Subdivision (b) shall not apply if the retired member received additional service credit pursuant to Section 22714 or 22715 or received from any public employer any financial inducement to retire. For purposes of this section, "financial inducement to retire" includes, but is not limited to, any form of compensation or other payment that is paid directly or indirectly by a public employer to the member, even if not in cash, either before or after retirement, if the participant retires for service on or before a specific date or specific range of dates established by a public employer on or before the date the inducement is offered. The system shall liberally interpret this subdivision to further the Legislature's intent to make subdivision (b) inapplicable to members if the member received a financial incentive from any public employer to retire or otherwise terminate employment with a public employer.

(e) The Superintendent, the county superintendent of schools, or the chief executive officer of a community college shall submit all documentation required by the system to substantiate the eligibility of the retired member for application of subdivision (b), including, but not limited to, the resolution adopted pursuant to that subdivision.

The election under this section shall be made at the time the member files his or her application for service retirement allowance as provided in Section 24204.

(b) A member who makes the election described in subdivision (a) shall receive a one-time, lump-sum payment in an amount that equals or does not exceed the lesser of the following amounts:

(e) An election pursuant to subdivision (a) may have no net actuarial impact to the Defined Benefit Program. The board shall adopt present value factors to establish a corresponding actuarially reduced monthly allowance, that results in no net actuarial impact to the Defined Benefit Program. The Legislature reserves the right to modify the provisions of this section to further the objective of permitting eligible members to receive a lump-sum distribution of a portion of their benefits, with a corresponding actuarial reduction in their monthly allowance, so that there is no net actuarial impact to the Defined Benefit Program.

(f) This section shall not apply to a member who retires for service pursuant to Section 24201.5.

CHAPTER 28. OPTIONS**§ 24300. Election of options; Requirements for designation of trust as beneficiary**

(a) A member may, upon application for retirement, elect an option pursuant to this part that would provide an actuarially modified retirement allowance payable throughout the life of the member and the member's option beneficiary or beneficiaries, as follows:

(1) Option 2. The modified retirement allowance shall be paid to the retired member. Upon the retired member's death, an allowance equal to the modified amount that the retired member was receiving shall be paid to the option beneficiary.

(2) Option 3. The modified retirement allowance shall be paid to the retired member. Upon the retired member's death, an allowance equal to one-half of the modified amount that the retired member was receiving shall be paid to the option beneficiary.

(3) Option 4. The modified retirement allowance shall be paid to the retired member as long as both the retired member and the option beneficiary are living. Upon the death of either the retired member or the option beneficiary, an allowance equal to two-thirds of the modified amount that the retired member was receiving shall be paid to the surviving retired member or the surviving option beneficiary.

(4) Option 5. The modified retirement allowance shall be paid to the retired member as long as both the retired member and the option beneficiary are living. Upon the death of either the retired member or the option beneficiary, an allowance equal to one-half of the modified amount that the retired member was receiving shall be paid to the surviving retired member or surviving option beneficiary.

(5) Option 6. The modified retirement allowance shall be paid to the retired member and upon the retired member's death, an allowance equal to the modified amount that the retired member was receiving shall be paid to the option beneficiary.

(6) Option 7. The modified retirement allowance shall be paid to the retired member and upon the retired member's death, an allowance equal to one-half of the modified amount the retired member was receiving shall be paid to the option beneficiary.

(7) Option 8.

(A) A member may designate multiple option beneficiaries. The member who has designated more than one option beneficiary shall elect an option that the member is authorized to elect subject to subdivision (e) for each beneficiary designated that would provide an actuarially modified retirement allowance payable throughout the lives of the member and the member's option beneficiaries upon the member's death.

(B) The modified retirement allowance shall be paid to the retired member as long as the retired member and at least one of the option beneficiaries are living. Upon the retired member's death, an allowance shall be paid to each surviving option beneficiary in accordance with the option elected respective to that beneficiary. The member shall determine the percentage of the unmodified allowance that will be modified by the election of Option 2, Option 3, Option 4, Option 5, Option 6, or Option 7 within this option, the aggregate of which shall equal 100 percent of the member's unmodified allowance. The election of this option is subject to approval by the board.

(C) A member who is a party to an action for legal separation or dissolution of marriage and who is required by court order to designate a spouse or former spouse as an option beneficiary may designate his or her spouse or former spouse as a sole option beneficiary under subparagraphs (A) and (B). The member shall specify the option elected for the spouse or former spouse and the percentage of his or her unmodified allowance to be modified by the option, consistent with the court order. The percentage of the member's unmodified allowance that is not modified by the option shall remain an unmodified allowance payable to the member. The aggregate of the percentages specified for the option beneficiary and the member's remaining unmodified allowance, if any, shall equal 100 percent.

(b) For purposes of this section, the member shall designate an option beneficiary on a properly executed retirement application. Except as otherwise provided by this chapter, the option shall become effective on the member's benefit effective date.

(c) A member may revoke or change an election of an option at any time prior to the effective date of the member's retirement under this part. A revocation or change of an option may not be made in derogation of a spouse's or former spouse's community property rights as specified in a court order.

(d) (1) A member may change the beneficiary designated pursuant to this section without penalty by designating a trust as beneficiary if all of the following requirements are met:

(A) The trust conforms to the definition of trust in Section 22149.

(B) The beneficiary of the trust is the same person as the previously named option beneficiary.

(C) The member files an application and any required documents in a form prescribed by the system.

(2) If a trust is determined to be invalid or terminates after the system commences payment to the trust, beginning on the effective date of termination of the trust, the benefit shall be paid to, and all associated rights and responsibilities shall accrue to, the beneficiary of the trust so long as that beneficiary is eligible to receive a benefit pursuant to this section.

(e) On or before July 1, 2004, the board shall evaluate the existing options and annuities provided pursuant to this section, Chapter 38 (commencing with Section 25000) of this part, and Part 14 (commencing with Section 26000) and adopt, as a plan amendment, any appropriate changes to the options and annuities based on the needs of members, participants, and their beneficiaries, including, but not limited to, providing economic security for beneficiaries and reducing complexity in the election of options and annuities by members and participants. The changes to the options and annuities may have no net actuarial impact on the retirement fund, and the board may establish any eligibility criteria it deems necessary to prevent an adverse actuarial impact to the fund. The board shall designate the effective date of the plan amendment, which shall be at least 18 months after the amendment is adopted by the board, and notwithstanding any other provision of this section, the options and annuities available to members and participants eligible to retire pursuant to this part and Part 14 (commencing with Section 26000), after the effective date of the plan amendment made pursuant to this subdivision, shall reflect the changes adopted as a plan amendment pursuant to this subdivision.

(f) Any member or participant who retired and elected an option or a joint and survivor annuity, or who filed a preretirement election of an option prior to the effective date of the plan amendment made pursuant to subdivision (d), may elect to change to a different option or joint and survivor annuity, as modified by the board as a plan amendment pursuant to subdivision (d), if the member or participant meets all the criteria established by the board to prevent a change in an option or joint and survivor annuity from having an adverse actuarial impact on the retirement fund, including, but not limited to, the effective date of a new designation or limitations on any changes if a member or participant, as the case may be, or beneficiary, or both, is currently not living or afflicted with a known terminal illness. The member or participant shall designate the change during the six-month period that begins with the effective date of the plan amendment, on a form prescribed by the system. Any member changing an option election pursuant to this subdivision is not subject to the allowance reduction prescribed in Section 24309 or 24310 as a result of the election. If a member or participant elects to change his or her option or joint and survivor annuity under this subdivision, the member or participant shall retain the same option beneficiary or beneficiaries as named in the prior designation.

(g) The Legislature reserves the right to modify this section prior to the effective date of the plan amendment made pursuant to subdivision (d) to prevent any actuarial impact to the fund.

(h) Except as described in subdivision (e) of Section 24300.1, on or after January 1, 2007, a member may not make a new election for an option or joint and survivor annuity described in subdivision (a).

(i) Any member with a retirement effective on or after January 1, 2007, shall elect an option from the options described in Section 24300.1. Any member making a new option election under the provisions of Section 24320, 24321, 24322, or 24323 shall elect an option from the options described in Section 24300.1 if the effective date of the new option election is on or after January 1, 2007.

§ 24300.1. Election of option beneficiary; Revocation or change; Death of option beneficiary before member; Community property interest; Plan amendment; Requirements for designation of trust as beneficiary

(a) A member may, upon application for retirement, elect an option pursuant to this part that would provide an actuarially modified retirement allowance payable throughout the life of the member and the member's option beneficiary or beneficiaries, as follows:

(1) One hundred percent beneficiary option. The modified retirement allowance shall be paid to the retired member and upon the member's death, 100 percent of the modified allowance shall continue to be paid to the option beneficiary.

(2) Seventy-five percent beneficiary option. The modified retirement allowance shall be paid to the retired member and upon the member's death, 75 percent of the modified allowance shall continue to be paid to the option beneficiary. Pursuant to Section 401(a)(9) of the Internal Revenue Code, unless the option beneficiary is the member's spouse or former spouse who has been awarded a community property interest in the benefits of the member under this part, the member may not designate an option beneficiary under this option who is more than exactly 19 years younger than the member.

(3) Fifty percent beneficiary option. The modified retirement allowance shall be paid to the retired member and upon the member's death, 50 percent of the modified allowance shall continue to be paid to the option beneficiary.

(4) Compound option. The member may designate multiple option beneficiaries or one or multiple option beneficiaries with a designated percentage to remain unmodified. The member shall elect an option as described in paragraph (1), (2), or (3) for each designated option beneficiary that would provide an actuarially modified retirement allowance payable throughout the lives of the retired member and the member's option beneficiary or beneficiaries upon the member's death.

(A) The modified retirement allowance shall be paid to the member as long as the member and at least one option beneficiary is living. Upon the member's death, an allowance shall be paid to each surviving option beneficiary in accordance with the option elected respective to that option beneficiary.

(B) The member shall specify the percent of the unmodified allowance that will be modified by the election of each option described in paragraph (1), (2), or (3) of this subdivision. The percent of the unmodified allowance that is not modified by an option, if any, shall be payable to the member. The sum of the percentages specified for the option beneficiary or beneficiaries and the member's remaining unmodified allowance, if any, shall equal 100 percent.

(C) The member's election of the compound option is subject to all of the following:

(i) Pursuant to Section 401(a)(9) of the Internal Revenue Code, unless the option beneficiary is the member's spouse or former spouse who has been awarded a community property interest in the member's benefits under this part, the member may not designate an option beneficiary under the 100 percent beneficiary option within this compound option who is more than exactly 10 years younger than the member.

(ii) Pursuant to Section 401(a)(9) of the Internal Revenue Code, unless the option beneficiary is the member's spouse or former spouse who has been awarded a community property interest in the member's benefits under this part, the member may not designate an option beneficiary under the 75 percent beneficiary option within this compound option who is more than exactly 19 years younger than the member.

(b) For purposes of this section, the member shall designate an option beneficiary on a properly executed retirement application. Except as otherwise provided by this chapter, the option shall become effective on the member's benefit effective date.

(c) Except as provided in subdivision (d), a member may revoke or change an election of an option no later than 30 days from the date the member's initial benefit payment for the member's most recent retirement under the Defined Benefit Program is paid by the system. A revocation of an option may not be made in derogation of a spouse's or a former spouse's community property rights as specified in a court order.

(d) (1) A member may change the beneficiary designated pursuant to this section without penalty by designating a trust as beneficiary if all of the following requirements are met:

(A) The trust conforms to the definition of trust in Section 22149.

(B) The beneficiary of the trust is the same person as the previously named option beneficiary.

(C) The member files an application and any required documents in a form prescribed by the system.

(2) If a trust is determined to be invalid or terminates after the system commences payment to the trust, beginning on the effective date of termination of the trust, the benefit shall be paid to, and all associated rights and responsibilities shall accrue to, the beneficiary of the trust so long as that beneficiary is eligible to receive a benefit pursuant to this section.

(e) Notwithstanding Section 297 or 299.2 of the Family Code, a spouse described in paragraphs (2) and (4) of subdivision (a) does not include the domestic partner of the member, pursuant to Section 7 of Title 1 of the United States Code.

(f) If there is a determination of community property rights as described in Chapter 12 (commencing with Section 22650) of this part on or before December 31, 2006, the member may elect the option that is required by the judgment or court order. Nothing in this part shall permit the member to change the option to the detriment of the community property interest of the nonmember spouse.

(g) The board may evaluate the existing options and annuities provided pursuant to this section, Chapter 38 (commencing with Section 25000) of this part, and Part 14 (commencing with Section 26000) and adopt, as a plan amendment, any appropriate changes to the options and annuities based on the needs of the members, participants, and their beneficiaries, including, but not limited to, providing economic security for beneficiaries and reducing the complexity of the options and annuities. The changes to the options and annuities may have no net actuarial impact on the retirement fund and the board may establish any eligibility criteria the board deems necessary to prevent an adverse actuarial impact to the fund. The board shall designate the effective date of the plan amendment, which shall be at least 18 months after the amendment is adopted by the board, and notwithstanding any other provision of this section, the options and annuities available to members and participants eligible to retire pursuant to this part and Part 14 (commencing with Section 26000), after the effective date of the plan amendment made pursuant to this subdivision, shall reflect the changes adopted as a plan amendment to this subdivision.

§ 24307. Preretirement election of option; Death of member prior to retirement; Subsequent retirement for service without canceling elected option; Requirements for designation of trust as beneficiary

(a) A member who qualifies to apply for retirement under Section 24201 or 24203 may make a preretirement election of an option, as provided in Section 24300.1 without right of revocation or change after the benefit effective date, except as provided in this part. The preretirement election of an option shall become effective as of the date of the member’s signature on a properly executed form prescribed by the system, subject to the following requirements:

(1) The form includes the signature of the member’s spouse or registered domestic partner, if applicable, and the signature is dated.

(2) The date the form is received at the system’s headquarters office is within 30 days after the date of the member’s signature and, if applicable, the spouse’s or registered domestic partner’s signature.

(b) A member who makes a preretirement election of an Option 2, Option 3, Option 4, Option 5, Option 6, or Option 7 pursuant to Section 24300, or an election as described in paragraph (1), (2), or (3) of Section 24300.1 may subsequently make a preretirement election of the compound option described in paragraph (4) of subdivision (a) of Section 24300.1. The member may retain the same option and the same option beneficiary as named in the prior preretirement election for a designated percentage within the compound option.

(c) Upon the member’s death prior to the benefit effective date, the beneficiary who was designated under the option elected and who survives shall receive an allowance calculated under the option, under the assumption that the member retired for service pursuant to Chapter 27 (commencing with Section 24201) on the date of death. The payment of the allowance to the option beneficiary shall be in lieu of the family allowance provided in Section 23804, the payment provided in paragraph (1) of subdivision (a) of Section 23802, the survivor benefit allowance provided in Section 23854, and the payment provided in subdivisions (a) and (b) of Section 23852, except that if the beneficiary dies before all of the member’s accumulated retirement contributions are paid, the balance, if any, shall be paid to the estate of the person last receiving or entitled to receive the allowance. The accumulated annuity deposit contributions and the death payment provided in Sections 23801 and 23851 shall be paid to the beneficiary in a lump sum.

(d) If the member subsequently retires for service, and the elected option has not been canceled pursuant to Section 24309, a modified service retirement allowance computed under Section 24300 or 24300.1 and the option elected shall be paid.

(e) The amount of the service retirement allowance prior to applying the option factor shall be calculated as of the earlier of the member’s age at death before retirement or age on the last day of the month in which the member requested service retirement be effective. The modification of the service retirement allowance by the option elected shall be based on the ages of the member and the beneficiary designated under the option, as of the date the election was signed.

(f) A member who terminates the service retirement allowance pursuant to Section 24208 shall not be eligible to file a preretirement election of an option until one calendar year elapses from the date the allowance is terminated. If the member retires again within one calendar year of the termination of their benefit pursuant to Section 24208, the retired member shall keep, upon subsequent retirement, the option

and beneficiary or the unmodified election in place upon the date the termination of the benefits became effective.

(1) If the member's option beneficiary or beneficiaries predecease the member within one calendar year of the termination of benefits and before the member has retired again, upon notification to the system, the system shall cancel the option and beneficiary from that portion of the benefit with reduction pursuant to Section 24309. The member shall not elect a new option or beneficiary pursuant to Section 24310 until one calendar year from the termination effective date has elapsed.

(2) If a final decree of dissolution of marriage or a judgment of nullity has been entered or an order of separate maintenance has been made within one calendar year of the termination of benefits and the member has not retired again, upon notification to the system, the system shall cancel or change the option election in accordance with the court order with reduction pursuant to Section 24309. Any additional changes shall not be made until one calendar year from the termination effective date has elapsed.

(g) (1) A member may change the beneficiary designated pursuant to this section without penalty by designating a trust as beneficiary if all of the following requirements are met:

(A) The trust conforms to the definition of trust in Section 22149.

(C) The member files an application and any required documents in a form prescribed by the system.

(2) If a trust is determined to be invalid or terminates after the system commences payment to the trust, beginning on the effective date of termination of the trust, the benefit shall be paid to, and all associated rights and responsibilities shall accrue to, the beneficiary of the trust so long as that beneficiary is eligible to receive a benefit pursuant to this section.

(h) The system shall inform members who are qualified to make a preretirement election of an option, through the annual statements of account, that the election of an option can be made.

A retired member may cancel the option before or after issuance of the first retirement allowance payment.

(b) The retired member shall notify the board, in writing on a properly executed form provided by the system, of cancellation of the option. Notification shall not be earlier than the effective date of the decree, judgment, or order and shall include a certified copy of the final decree of dissolution, or judgment of nullity, or an order of separate maintenance, and any property settlement agreement.

(c) Upon notification to the board, the retired member may elect: (1) to receive the unmodified retirement allowance from the date of receipt of the notification; or (2) a new joint and survivor option under Section 24300.1 and may designate one or multiple new option beneficiaries. Modification of the retirement allowance because of the newly elected option or newly designated beneficiary or beneficiaries shall be based on the ages of the retired member and the new option beneficiary or beneficiaries as of the effective date of the new option. The election of a new joint and survivor option or the designation of a new option beneficiary or beneficiaries shall be consistent with the final decree of dissolution, judgment of nullity, order of separate maintenance, or property settlement agreement, and shall not result in any additional liability to the Teachers’ Retirement Fund. The effective date of the change shall be the date notification is received by the board.

(B) The election shall be effective six months after the date the notification is received by the board, provided that both the retired member and the retired member's designated spouse or registered domestic partner are then living. If, before the new election becomes effective, the member terminates his or her benefit pursuant to Section 24208 or the retired member or the new option beneficiary dies, the new election is void and the election pursuant to subdivision (c) remains in effect.

(2) The election of the option and designation of the option beneficiary under this section shall result in an actuarial modification of the member's retirement allowance that shall be payable through the life of the member and the member's new spouse or registered domestic partner. Modification of the member's retirement allowance pursuant to this subdivision shall be based on the ages of the retired member and the retired member's new spouse or registered domestic partner as of the effective date of the election and shall not be in conflict with the final decree of dissolution, judgment of nullity, order of separate maintenance, or property settlement agreement.

Notes of Decisions

(Unpublished) Even assuming arguendo that government pension offset (GPO) provision applied only to pensions that were calculated with reference to earnings and that increase claimant received after retirement pursuant to Minimum Guarantee Monthly Allowance (MGMA) was not calculated based on earnings, district court properly affirmed Commissioner of Social Security’s decision reducing her monthly benefit payment, as MGMA was not stand-alone pension, but amendment to existing California State Teacher’s Retirement System (CalSTRS) pension regime. Thus, earnings-based nature of overall CalSTRS pension was not affected by addition of single element that turned on length of service. *Schneyer v. Colvin* (2014, CA9 Cal) 2014 US App LEXIS 10867.

§ 24410.7. Monthly allowance increases

(a) The monthly allowance payable on the effective date of this section, excluding annuities payable from accumulated annuity deposit contributions and tax-sheltered annuity contributions and benefits payable pursuant to Sections 24410.5 and 24410.6, to retired members and nonmember spouses, disabled members, and beneficiaries, including option beneficiaries, shall be increased by the percentage set forth opposite the applicable period during which retirement, disability, or death occurred set forth in the following schedule:

Period during which retirement, disability, or death occurred:	Percentage:
36 months ending Dec. 31, 2000	0.0 %
12 months ending Dec. 31, 1997	1.0 %
24 months ending Dec. 31, 1996	2.0 %
60 months ending Dec. 31, 1994	3.0 %
60 months ending Dec. 31, 1989	4.0 %
120 months ending Dec. 31, 1984	5.0 %
Dec. 31, 1974 or earlier	6.0 %

(b) The increase provided pursuant to this section is in addition to any payments received by a retired member or nonmember spouse, disabled member, or beneficiary, including an option beneficiary, under Section 24415.

(c) If the monthly allowance payable is adjusted after the effective date of this section, the percentage increase applied on the effective date of this section shall be applied to the adjusted monthly allowance payable.

The purchasing power calculation for each individual allowance shall be based on the change in the All Urban California Consumer Price Index between June of the calendar year of retirement and June of the fiscal year preceding the fiscal year of the distribution. The allocation shall provide a pro rata share of the amount needed to restore the allowance payable, after application of the current year annual improvement factor to 80 percent of the purchasing power of the base allowance.

(c) The allowance increase shall not be applicable to annuities payable from the accumulated annuity deposit contributions or the accumulated tax-sheltered annuity contributions.

(e) The board shall inform each recipient of supplemental payments under this section that the increases are not cumulative and are not part of the base allowance.

Notes of Decisions

1. Generally

Both the plain language of Ed C § 22954 and the legislative history indicate that Assem. Bill. No. 1102 contractually obligates the State to make an annual contribution of 2.5 percent of creditable compensation into the California Teachers’ Retirement Fund’s Supplemental Benefit Maintenance Account (SBMA), and reducing the income stream available to pay the supplemental benefits by \$500 million through Senate Bill 20 (SB 20) increases the risk to California State Teachers’ Retirement System members that the SBMA funds will be insufficient to make the supplemental benefit payments in the future. Because SB 20 does not compensate the members for this increased risk or provide a comparable new advantage in place of the \$500 million, SB 20 impairs the contractual rights bestowed by Assem. Bill. No. 1102 in violation of the state and federal constitutions. *Teachers’ Retirement Bd. v. Genest* (2007, 3d Dist) 154 Cal App 4th 1012, 65 Cal Rptr 3d 326, 2007 Cal App LEXIS 1438, review denied, *Teachers’ Retirement Board v. Genest* (2007, Cal.) 2007 Cal. LEXIS 13040.

§ 24415.5. Adjustment of purchasing power protection benefits payable to the Supplemental Benefit Maintenance Account

(a) Notwithstanding any other provision of this chapter, the board shall adjust the purchasing power protection benefits payable pursuant to Sections 24415, 24416, and 24417 in accordance with subdivisions (b) and (c) of this section.

(b) If the board, in adopting the actuarial projection described in subdivision (a) of Section 22954.1, determines that the annual transfers to the Supplemental Benefit Maintenance Account described in Section 22954, combined with all other anticipated sources of income to the account, are likely to be less than sufficient over the term established by the board to continue providing the purchasing power protection being provided at the time of the projection, it shall identify the maximum level of purchasing power protection benefits that it expects to be sustainable over that term, as specified in subdivision (c) of Section 22954.1. The board, upon making the determination specified in subdivision (c) of Section 22954.1, shall reduce the purchasing power protection benefits payable pursuant to Sections 24415, 24416, and 24417 to the maximum sustainable level identified under this subdivision, except that these benefits shall not be adjusted below the 80 percent purchasing power protection level unless the board has made the determination of insufficient funds described in subdivision (a) of Section 24416.

(c) If the board, in adopting the actuarial projection described in subdivision (a) of Section 22954.1, determines that the annual transfers to the Supplemental Benefit Maintenance Account described in Section 22954, combined with all other anticipated sources of income to the account, are likely to be more than sufficient over the term established by the board to continue providing the purchasing power protection being provided at the time of the projection, it shall identify the maximum level of purchasing power protection benefits that it expects to be sustainable over that term, as specified in subdivision (b) of Section 22954.1. The board, upon making the determination specified in subdivision (b) of Section 22954.1, shall increase the purchasing power protection benefits payable pursuant to Sections 24415,

24416, and 24417 to the maximum sustainable level identified under this subdivision, except that these benefits shall not be adjusted above the 85 percent purchasing power protection level.

(d) If the board identifies, pursuant to subdivision (b) of Section 22954.1, that the maximum level of purchasing power protection benefits it expects to be sustainable over the term established by the board is greater than the 85 percent level, it shall develop one or more proposals for options for the use of the anticipated Supplemental Benefit Maintenance Account moneys in excess of those believed to be necessary to sustain purchasing power protection benefits at the 85 percent level over the term established by the board. The options that the board proposes for use of these moneys shall be for the exclusive benefit of members and beneficiaries, and at least one of these proposed options shall be an increase in benefits for any surviving members who retired prior to January 1, 1999, and any surviving beneficiaries of members who retired prior to January 1, 1999. The board shall either include a summary of these proposed options in the report described in subdivision (f) of Section 22954.1 or, within 60 days after submission of that report, submit a separate letter to the recipients of the report described in subdivision (f) of Section 22954.1 that contains a summary of these proposed options. The board shall also submit a summary of these proposed options to the Governor.

(e) The board shall adopt and, after such adoption, may amend and repeal regulations concerning its powers described in this section, and it shall file these regulations, and amended and repealed regulations, with the Secretary of State. The adoption, amendment, or repeal of a regulation authorized by this section is hereby exempted from the rulemaking provisions of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code).

Added by Stats 2008 ch 751 § 14 (AB 1389), effective September 30, 2008.

§ 24416. Board's authority upon certain findings (Supplemental Benefit Maintenance Account; Insufficient funding)

(a) If the board determines by June 30 of the then current fiscal year that the Supplemental Benefit Maintenance Account will not have sufficient funds to provide purchasing power protection benefits, as established in this chapter, of at least 80 percent for the subsequent fiscal year, the board, for that year, may do either, or a combination of the following:

(1) Increase the employer contribution rate commencing in the next fiscal year by an amount that would provide sufficient funds for no more than the estimated difference between the funds in the Supplemental Benefit Maintenance Account and the amount needed to pay the benefit level specified by the board, provided the benefit level is no more than 85 percent. Notwithstanding any other provision of this part, the increase in the employer contribution rate shall only become operative if the increase is approved or authorized in the Budget Act.

(2) Reduce the supplemental benefit payment for the subsequent fiscal year to the amount that can be funded by the available funds in the Supplemental Benefit Maintenance Account.

(b) If the board finds that there is no unfunded obligation, as determined by the board's professional consulting actuary and affirmed by the Director of Finance, then in addition to the authority pursuant to subdivision (a), the board may transfer to an auxiliary Supplemental Benefit Maintenance Account, from any funds that are in excess of the amount needed to fund fully the benefits for which the Teachers' Retirement Fund is liable, an amount that would provide sufficient funds for no more than the estimated difference between the funds in the Supplemental Benefit Maintenance Account and the amount needed to pay the benefit level specified by the board, provided the benefit level is no more than 85 percent.

(c) If the board increases the employer contribution rate pursuant to paragraph (1) of subdivision (a), the increase between the current fiscal year contribution rate and the contribution rate in the next fiscal year, shall not exceed one-quarter of 1 percent of the creditable compensation upon which contributions are based.

Added by Stats 1997 ch 939 § 7 (SB 1026). Amended by Stats 2001 ch 840 § 4 (AB 135); Stats 2008 ch 751 § 15 (AB 1389), effective September 30, 2008.

(a) The special reserve resulting from the discontinuance of a district retirement salary plan as provided in former Section 14690 prior to its repeal, and a part of which is used annually in the interest of the employees of the district at the discretion of the governing board, is continued in existence and shall continue to be used first as provided in this section.

(b) The district in which the district retirement plan was discontinued and that credited each teacher or other person employed by the district at the time of discontinuance, in a status requisite for membership in this plan, with an amount that bears the same ratio to the portion of the assets delivered to the district pursuant to former subdivision (c) of Section 14690 prior to its repeal, that remained after the creation of the reserve fund for payments under former subdivision (d) of Section 14690 prior to its repeal, as required by former subdivision (e) of Section 14690 prior to its repeal, as the accumulated contributions credited to the member in his or her individual contribution account under the discontinued retirement plan at the time of discontinuance, bore to the total accumulated contributions so credited to all such teachers and persons, but this credit to any active member shall not exceed the amount of the member’s accumulated contributions so credited at that time. The amount so credited to any person shall continue to be increased by interest at rates approved from time to time by the governing board of the district. The accumulated amount at the date upon which the person retires for service or disability under the system shall continue to be applied according to rates and tables adopted by the governing board and then in effect, to provide an annuity payable to the person throughout the balance of his or her life or a lump-sum payment of the total account balance on the date of retirement at the option of the governing board. If the person dies prior to retirement, the amount, with credited interest, shall be paid to his or her designated beneficiary, as it appears on the records of the district, if any, otherwise to the member’s estate. If the person ceases to be employed by the district for any reason other than death, retirement, or attainment of the age at which his or her classification as a permanent employee ceases, he or she shall no longer be credited with or have any right to the accumulated amount, but the amount shall revert to and belong to the district. The arrangement under which annuities and death benefits are paid by a district under this subdivision shall not be considered to be a local retirement system for the purposes of this part, nor shall those payments be taken into account in the calculation of retirement allowances under this plan.

(c) The reserve fund created by the district from the assets delivered to it pursuant to subdivision (c) of former Section 14690 prior to its repeal is continued in existence and in the amount equal in amount to the total contributions credited to employees of the district, under former subdivision (b) of former Section 14691 prior to its repeal, and the annuities and death benefits payable under subdivision (b) of former Section 14691 prior to its repeal shall continue to be paid from this reserve fund. If the reserve fund as first created proves insufficient to make the payments required under subdivision (b) of former Section 14691, the district shall continue to make any additions to the reserve fund necessary to provide for those payments.

(d)(1) In addition to any other investments authorized by law for the investment of those funds, the funds of any specialized reserve or reserve fund established pursuant to former Section 14690 or former

Section 14691 prior to their repeal may continue to be invested as authorized by Section 31595 of the Government Code for the investment of the funds of a county employees' retirement system.

(2) The governing board may employ investment advisers to advise it on these investments and the fees for these services may be paid from the special reserve or reserve funds.

(e) The governing board may make additional cost-of-living adjustments in the payments to persons who retired prior to January 1, 1953.

(a) The board shall establish a segregated account within the retirement fund to be known as the Gain and Loss Reserve, and the board shall have sole authority over the reserve. The Gain and Loss Reserve shall be maintained for the Defined Benefit Supplement Program and may be used to credit interest at the minimum interest rate for plan years in which the board determines that the obligation cannot be met from investment earnings. The Gain and Loss Reserve may also be used to provide additions to the Annuitant Reserve for monthly annuities payable under the Defined Benefit Supplement Program.

(b) The board shall establish a goal for the balance of the Gain and Loss Reserve and periodically shall review the sufficiency of the reserve based on the recommendations of the actuary.

(c) The board may allocate excess earnings of the plan with respect to assets attributable to the Defined Benefit Supplement Program to the Gain and Loss Reserve. In addition, the board may allocate any liability gains and losses attributable to the Defined Benefit Supplement Program to the Gain and Loss Reserve. Upon the recommendation of the actuary, the board shall determine annually the amount,

That determination shall be made upon recommendation of the actuary based on the actuarial valuation undertaken following the plan year pursuant to Section 22311.5, but no later than June 30 following the end of the plan year. § 25004. **Member accounts**

Member accounts under the Defined Benefit Supplement Program shall be nominal accounts. Member contributions and employer contributions on behalf of the member that are specifically identified as creditable to the Defined Benefit Supplement Program shall be treated as credits to the member's Defined Benefit Supplement account, together with interest credited at the minimum interest rate and additional earnings credit thereon. The balance of credits in a member's account shall determine the amount to which the member is entitled under the Defined Benefit Supplement Program upon termination of employment subject to coverage by the plan. The member shall not have a right or claim to any specific assets of the account, program, plan, or retirement fund.

Added by Stats 2000 ch 74 § 69 (AB 1509).

(2) The amount required for the plan year to credit interest on members' nominal accounts at the minimum interest rate.

(3) The amount of the plan's administrative expenses with respect to the Defined Benefit Supplement Program for the plan year.

(4) The sufficiency of the Gain and Loss Reserve and whether any additions must be made to that reserve.

(b) For any plan year that the board declares an additional earnings credit, the board shall specify the amount to be added to members' accounts as a percentage increase. The additional earnings credit shall be applied to the balance of credits in each member's nominal account as of the last day of the plan year and shall be applied as of the date specified by the board. The additional earnings credit shall not be added to the balance of credits transferred from a member's Defined Benefit Supplement account to the Annuitant Reserve.

(c) The declaration of an additional earnings credit shall be made as a plan amendment adopted by the board with respect to the Defined Benefit Supplement Program upon recommendation of the actuary based on the actuarial valuation undertaken following the plan year pursuant to Section 22311.5, but no later than June 30 following the end of the plan year.

The additional annuity credit shall be paid in a lump sum to the members and annuity beneficiaries on the date specified by the board. In addition to the considerations specified in Section 25006, prior to declaring an additional earnings credit, the board shall consider both of the following:

(a) The amount required for the plan year to apply the additional earnings credit to the Defined Benefit Supplement accounts of members who are not receiving an annuity under the Defined Benefit Supplement Program for the plan year.

(b) Any other obligations incurred by the plan with respect to the Defined Benefit Supplement Program.

§ 25011. Elections as to receipt of benefits

(a) A member or nonmember spouse may elect to receive the retirement benefit as an annuity payable in monthly installments, provided the balance of credits in the member's or nonmember spouse's respective Defined Benefit Supplement account on the date the retirement benefit becomes payable equals at least three thousand five hundred dollars (\$3,500) after any lump-sum payments have been made from the account.

(b) If the member elects to receive the retirement benefit as an annuity, the member shall elect one of the following forms of payment:

(1) A single life annuity without a cash refund feature. This form of payment is the actuarial equivalent of the amount that would be payable to the member if the member elected to receive the retirement benefit in a lump-sum payment. Upon the death of the member, no other benefit shall be payable to the member's beneficiary under the Defined Benefit Supplement Program.

(2) A single life annuity with a cash refund feature. This form of payment is the actuarial equivalent of the amount that would be payable to the member if the member elected to receive the retirement benefit in a lump-sum payment. Upon the death of the member, an amount equal to the remaining balance, if any, of credits transferred from the member's Defined Benefit Supplement account to the Annuitant Reserve shall be returned in a lump-sum payment to the member's beneficiary.

(3) A 100-percent joint and survivor annuity with a "pop-up" feature. This form of payment is the actuarial equivalent of the lump-sum payment modified to be payable over the combined lives of the member and the member's annuity beneficiary. Upon the death of the member, the same monthly amount that was payable to the member shall be paid monthly to the member's surviving annuity beneficiary. However, if the annuity beneficiary predeceases the member, the annuity payable to the member shall be the single life annuity with a cash refund feature that would have been payable had the member elected that form of payment at the commencement of the benefit. That single life annuity shall be payable as of the day following the date of the annuity beneficiary's death upon receipt by the system of proof of the annuity beneficiary's death. If the annuity beneficiary predeceases the member and the member designates a new option beneficiary pursuant to Section 24323, the new option beneficiary shall be the new annuity beneficiary. The effective date shall be six months following the date notification, on a properly executed form, is received by the board, provided both the member and the new annuity beneficiary are then living. The new annuity beneficiary under this paragraph is subject to an actuarial modification of the single life annuity with a cash refund feature and may not result in any additional liability to the fund. The new annuity beneficiary may not be an existing annuity beneficiary.

(4) A 50-percent joint and survivor annuity with a "pop-up" feature. This form of payment is the actuarial equivalent of the lump-sum payment modified to be payable over the combined lives of the member and the member's annuity beneficiary. Upon the death of the member, one-half of the monthly amount that was payable to the member shall be paid monthly to the member's surviving annuity beneficiary. However, if the annuity beneficiary predeceases the member, the annuity payable to the member shall be the single life annuity with a cash refund feature that would have been payable had the member elected that form of payment at the commencement of the benefit. That single life annuity shall be payable as of the day following the date of the annuity beneficiary's death upon receipt by the system of proof of the annuity beneficiary's death. If the annuity beneficiary predeceases the member and the member designates a new option beneficiary pursuant to Section 24323, the new option beneficiary shall be the new annuity beneficiary. The effective date shall be six months following the date notification, on a properly executed form, is received by the board, provided both the member and the new annuity beneficiary are then living. The new annuity beneficiary under this paragraph is subject to an actuarial modification of the single life annuity with a cash refund feature and may not result in any additional liability to the fund. The new annuity beneficiary may not be an existing annuity beneficiary.

(5) A period certain annuity. This form of payment is an annuity equal to the actuarial equivalent of the balance of credits in the member's Defined Benefit Supplement account on the date the retirement benefit becomes payable. The annuity shall be payable in whole year increments over a period of years

specified by the member, from a minimum of three years to a maximum of 10 years subject to life expectancy tables promulgated pursuant to Section 401(a)(9) of the Internal Revenue Code. If the member's death occurs prior to the end of the period certain, the remaining balance of payments shall be paid to the member's beneficiary pursuant to Section 25022.

(c) If a nonmember spouse elects to receive the retirement benefit as an annuity, the nonmember spouse shall elect the form of payment specified in paragraph (1), (2), or (5) of subdivision (b) and, in those paragraphs, references to a "member" shall apply to the nonmember spouse.

(d) On or after January 1, 2007, a member may not make a new election of a joint and survivor annuity described in subdivision (b), except as provided by subdivision (e) of Section 25011.1.

(e) Any member with a retirement effective on or after January 1, 2007, shall elect an annuity from the annuities described in Section 25011.1.

§ 25011.1. Election to receive the retirement benefit as an annuity payable in monthly installments

(a) A member may elect to receive the retirement benefit as an annuity payable in monthly installments, provided the balance of credits in the member's Defined Benefit Supplement account on the date the retirement benefit becomes payable equals at least three thousand five hundred dollars (\$3,500) after any lump-sum payments have been made from the account. If the member elects to receive the retirement benefit as an annuity, the member shall elect one of the following forms of payments:

(1) Member only annuity. This is a single life annuity with a cash refund feature that is the actuarial equivalent of the amount that would be payable to the retired member if the member elected to receive the retirement benefit in a lump-sum payment. Upon the death of the member, an amount equal to the remaining balance of credits, if any, transferred from the member's Defined Benefit Supplement account to the Annuitant Reserve shall be returned in a lump-sum payment to the beneficiary of the member.

(2) One hundred percent beneficiary annuity. This is a joint and survivor annuity that is the actuarial equivalent of the lump-sum payment modified to be payable over the combined lives of the member and the member's annuity beneficiary or beneficiaries. Upon the death of the member, 100 percent of the monthly amount that was payable to the member shall be paid monthly to the surviving annuity beneficiary or beneficiaries of the member.

(3) Seventy-five percent beneficiary annuity. This is a joint and survivor annuity that is the actuarial equivalent of the lump-sum payment modified to be payable over the combined lives of the member and the member's annuity beneficiary. Pursuant to Section 401(a)(9) of the Internal Revenue Code, the member shall not elect this annuity if a beneficiary is more than exactly 19 years younger than the member, unless the beneficiary is the member's spouse or former spouse and the election is pursuant to a determination of community property rights. Upon the death of the member, 75 percent of the monthly amount that was payable to the member shall be paid monthly to the surviving annuity beneficiary or beneficiaries of the member.

(4) Fifty percent beneficiary annuity. This is a joint and survivor annuity that is the actuarial equivalent of the lump-sum payment modified to be payable over the combined lives of the member and the member's annuity beneficiary or beneficiaries. Upon the death of the member, 50 percent of the monthly amount that was payable to the member shall be paid monthly to the surviving annuity beneficiary or beneficiaries of the member.

(5) A period certain annuity. This form of payment is an annuity equal to the actuarial equivalent of the balance of credits in the member's Defined Benefit Supplement account on the date the retirement benefit becomes payable. The annuity shall be payable in whole year increments over a period of years specified by the member, from a minimum of three years to a maximum of 10 years subject to life expectancy tables promulgated pursuant to Section 401(a)(9) of the Internal Revenue Code. If the member's death occurs prior to the end of the period certain, the remaining balance of payments shall be paid to the member's beneficiary pursuant to Section 25022.

(b) If an annuity beneficiary designated pursuant to paragraph (2), (3), or (4) of subdivision (a) predeceases the member, the annuity shall be paid to the member as the member only annuity that would have been payable had the member elected that form of payment at the commencement of the benefit. That member only annuity shall be payable as of the day following the date of the annuity beneficiary's death upon receipt by the system of proof of the annuity beneficiary's death. If the annuity beneficiary predeceases the member and the member designates a new option beneficiary pursuant to Section 24323, the new option beneficiary shall be the new annuity beneficiary. The effective date shall be six months following the date notification is received by the board, provided both the member and the new annuity beneficiary are then living. Notice to the board of the death of the annuity beneficiary shall be on a properly executed form provided by the system. The new annuity beneficiary under this paragraph is subject to an actuarial modification of the member only annuity and shall not result in any additional liability to the fund. The new annuity beneficiary shall not be an existing annuity beneficiary.

(c) If a nonmember spouse elects to receive the retirement benefit as an annuity, the nonmember spouse shall elect the form of payment specified in paragraph (1) or (5) of subdivision (a) and, in those paragraphs, references to a “member” shall apply to the nonmember spouse.

(d) Notwithstanding Section 297 or 299.2 of the Family Code, a spouse as described in paragraph (3) or (5) of subdivision (a) does not include the domestic partner of the member, pursuant to Section 7 of Title 1 of the United States Code.

(e) If there is a determination of community property rights as described in Chapter 12 (commencing with Section 22650) of this part on or before December 31, 2006, the member may elect the annuity that is required by the judgment or court order. 2009 Amendment: Added subd (c).

§ 25018. Form of disability benefit; Elections

(a) A member may elect to receive the disability benefit as an annuity, payable in monthly installments, provided the balance of credits in the member's Defined Benefit Supplement account on the date the disability benefit becomes payable equals at least three thousand five hundred dollars (\$3,500) after any lump-sum payment has been made from this account.

(b) If the member elects to receive the disability benefit as an annuity, the member shall elect one of the following forms of payment:

(1) A single life annuity without a cash refund feature. This form of payment is the actuarial equivalent of the amount that would be payable to the member if the member elected to receive the disability benefit in a lump-sum payment. Upon the death of the member, no other benefit shall be payable to the member's beneficiary under the Defined Benefit Supplement Program.

(2) A single life annuity with a cash refund feature. This form of payment is the actuarial equivalent of the amount that would be payable to the member if the member elected to receive the disability benefit in a lump-sum payment. Upon the death of the member, an amount equal to the remaining balance of credits, if any, transferred from the member's Defined Benefit Supplement account to the Annuitant Reserve shall be returned in a lump-sum payment to the member's beneficiary.

(3) For a member receiving an allowance pursuant to Chapter 26 (commencing with Section 24100), a 100-percent joint and survivor annuity with a "pop-up" feature. This form of payment is the actuarial equivalent of the lump-sum payment modified to be payable over the combined lives of the member and the member's annuity beneficiary. Upon the death of the member, the same monthly amount that was payable to the member shall be paid monthly to the member's surviving annuity beneficiary. However, if the annuity beneficiary predeceases the member, the annuity payable to the member shall be the single life annuity with a cash refund feature that would have been payable had the member elected that form of payment at the commencement of the benefit. That single life annuity shall be payable as of the day following the date of the annuity beneficiary's death upon receipt by the system of proof of the annuity

beneficiary's death. If the annuity beneficiary predeceases the member and the member designates a new option beneficiary pursuant to Section 24323, the new option beneficiary shall be the new annuity beneficiary. The effective date shall be six months following the date notification, on a properly executed form, is received by the board, provided both the member and the new annuity beneficiary are then living. The new annuity beneficiary under this paragraph shall be subject to an actuarial modification of the single life annuity with a cash refund feature and shall not result in any additional liability to the fund. The new annuity beneficiary shall not be an existing annuity beneficiary.

(4) For a member receiving an allowance pursuant to Chapter 26 (commencing with Section 24100), a 50-percent joint and survivor annuity with a "pop-up" feature. This form of payment is the actuarial equivalent of the lump-sum payment modified to be payable over the combined lives of the member and the member's annuity beneficiary. Upon the death of the member, one-half of the monthly amount that was payable to the member shall be paid monthly to the member's surviving annuity beneficiary. However, if the annuity beneficiary predeceases the member, the annuity payable to the member shall be the single life annuity with a cash refund feature that would have been payable had the member elected that form of payment at the commencement of the benefit. That single life annuity shall be payable as of the day following the date of the annuity beneficiary's death upon receipt by the system of proof of the annuity beneficiary's death. If the annuity beneficiary predeceases the member and the member designates a new option beneficiary pursuant to Section 24323, the new option beneficiary shall be the new annuity beneficiary. The effective date shall be six months following the date notification, on a properly executed form, is received by the board, provided both the member and the new annuity beneficiary are then living. The new annuity beneficiary under this paragraph shall be subject to an actuarial modification of the single life annuity with a cash refund feature and shall not result in any additional liability to the fund. The new annuity beneficiary shall not be an existing annuity beneficiary.

(5) A period certain annuity. This form of payment is an annuity equal to the actuarial equivalent of the balance of credits in the member's Defined Benefit Supplement account on the date the disability benefit becomes payable. The annuity shall be payable in whole year increments over a period of years specified by the member, from a minimum of three years to a maximum of 10 years subject to life expectancy tables promulgated pursuant to Section 401(a)(9) of the Internal Revenue Code. If the member's death occurs prior to the end of the period certain, the remaining balance of payments shall be paid to the member's beneficiary pursuant to Section 25022.

(c) Except as described in subdivision (d) of Section 25018.1, on or after January 1, 2007, a member may not make a new election for an annuity described in subdivision (b).

(d) On or after January 1, 2007, a member may not make a new election of a joint and survivor annuity described in subdivision (b), except as provided by subdivision (e) of Section 25018.1.

(e) Any member with a disability benefit effective on or after January 1, 2007, shall elect an annuity from the annuities described in Section 25018.1.

§ 25018.1. Election to receive the disability benefit as an annuity payable in monthly installments

(a) A member may elect to receive the disability benefit as an annuity, payable in monthly installments, provided the balance of credits in the member’s Defined Benefit Supplement account on the date the disability benefit becomes payable equals at least three thousand five hundred dollars (\$3,500) after any lump-sum payment has been made from this account. If the member elects to receive the disability benefit as an annuity, the member shall elect one of the following forms of payment:

(1) Member only annuity. This is a single life annuity with a cash refund feature that is the actuarial equivalent of the amount that would be payable to the member if the member elected to receive the disability benefit in a lump-sum payment. Upon the death of the member, an amount equal to the remaining balance of credits, if any, transferred from the member’s Defined Benefit Supplement account to the Annuitant Reserve shall be returned in a lump-sum payment to the member’s beneficiary.

(2) One hundred percent beneficiary annuity. This form of payment is the actuarial equivalent of the lump-sum payment modified to be payable over the combined lives of the member and the member’s annuity beneficiary or beneficiaries. Upon the death of the member, 100 percent of the monthly amount that was payable to the member shall be paid monthly to the member’s surviving annuity beneficiary or beneficiaries.

(3) Seventy-five percent beneficiary annuity. This form of payment is the actuarial equivalent of the lump-sum payment modified to be payable over the combined lives of the member and the member’s annuity beneficiary or beneficiaries. Pursuant to Section 401(a)(9) of the Internal Revenue Code, the member shall not elect this annuity if a beneficiary is more than exactly 19 years younger than the member unless the beneficiary is the member’s spouse or former spouse and the election is pursuant to a determination of community property rights. Upon the death of the member, 75 percent of the monthly

amount that was payable to the member shall be paid monthly to the surviving annuity beneficiary or beneficiaries of the member.

(4) Fifty percent beneficiary annuity. This form of payment is the actuarial equivalent of the lump-sum payment modified to be payable over the combined lives of the member and the member's annuity beneficiary or beneficiaries. Upon the death of the member, one-half of the monthly amount that was payable to the member shall be paid monthly to the member's surviving annuity beneficiary or beneficiaries.

(5) A period certain annuity. This form of payment is an annuity equal to the actuarial equivalent of the balance of credits in the member's Defined Benefit Supplement account on the date the disability benefit becomes payable. The annuity shall be payable in whole year increments over a period of years specified by the member, from a minimum of three years to a maximum of 10 years subject to life expectancy tables promulgated pursuant to Section 401(a)(9) of the Internal Revenue Code. If the member's death occurs prior to the end of the period certain, the remaining balance of payments shall be paid to the member's beneficiary pursuant to Section 25022.

(b) If an annuity beneficiary designated pursuant to paragraph (2), (3), or (4) of subdivision (a) predeceases the member, the annuity shall be paid to the member as the member only annuity that would have been payable had the member elected that form of payment at the commencement of the benefit. That member only annuity shall be payable as of the day following the date of the annuity beneficiary's death upon receipt by the system of proof of the annuity beneficiary's death. If the annuity beneficiary predeceases the member and the member designates a new option beneficiary pursuant to Section 24323, the new option beneficiary shall be a new annuity beneficiary. The effective date shall be six months following the date notification is received by the board, provided both the member and the new annuity beneficiary are then living. Notice to the board of the death of the annuity beneficiary shall be on a properly executed form provided by the system. The new annuity beneficiary under this paragraph is subject to an actuarial modification of the member only annuity and shall not result in any additional liability to the fund. The new annuity beneficiary shall not be an existing annuity beneficiary.

(c) Notwithstanding Section 297 or 299.2 of the Family Code, a spouse as described in paragraph (3) or (5) of subdivision (a) does not include the domestic partner of the member, pursuant to Section 7 of Title 1 of the United States Code.

(d) If there is a determination of community property rights as described in Chapter 12 (commencing with Section 22650) of this part on or before December 31, 2006, the member may elect the annuity that is required by the judgment or court order. This part does not permit the member to change the annuity to the detriment of the community property interest of the nonmember spouse.

The plan shall be administered by the Teachers' Retirement Board as set forth in this part and Part 13 (commencing with Section 22000). As a result of this merger, a Cash Balance Benefit Program will be provided under the State Teachers' Retirement Plan and that program is set forth in this part.

The governing board of a school district, community college district, or county office of education may, by formal action, elect to provide the benefits of the Cash Balance Benefit Program under this part for their employees.

(b) If the participant elects to receive the retirement benefit as an annuity, the participant shall elect one of the following forms of payment:

(1) A single life annuity without a cash refund feature. This form of payment is the actuarial equivalent of the amount that would be payable to the participant if the participant elected to receive the retirement benefit in a lump-sum payment. This benefit shall be payable for the life of the participant. Upon the death of the participant, no other benefit shall be payable to any beneficiary under this part.

(2) A single life annuity with a cash refund feature. This form of payment is the actuarial equivalent of the amount that would be payable to the participant if the participant elected to receive the retirement benefit in a lump-sum payment. The new annuity beneficiary shall not be an existing annuity beneficiary.

(4) A 50-percent joint and survivor annuity with a "pop-up" feature. This form of payment is the actuarial equivalent of the amount that would be payable to the participant if the participant elected to receive the retirement benefit in a lump-sum payment, modified to be payable over the combined lives of the participant and the participant's annuity beneficiary. Upon the death of the participant, one-half of the monthly amount that was payable to the participant shall be paid monthly to the participant's annuity beneficiary. However, if the annuity beneficiary predeceases the participant, the annuity payable to the participant shall be the single life annuity with a cash refund feature that would have been payable had the participant elected that form of payment at the commencement of the benefit. That single life annuity shall be payable as of the day following the date of the annuity beneficiary's death upon receipt by the system of proof of the annuity beneficiary's death. If the annuity beneficiary predeceases the participant, the participant may designate a new annuity beneficiary. The effective date of the new designation shall be six months following the date notification, on a properly executed form, is received by the board, provided both the participant and the new designated annuity beneficiary are then living. The designation of the new annuity beneficiary under this paragraph shall be subject to an actuarial modification of the single life annuity with a cash refund feature and shall not result in any additional liability to the fund. The new annuity beneficiary shall not be an existing annuity beneficiary.

(5) A period certain annuity. This form of payment is an annuity equal to the actuarial equivalent of the sum of the balance of the employee account and the employer account on the date the retirement benefit becomes payable. The annuity shall be payable in whole year increments over a period of years specified by the participant, from a minimum of three years to a maximum of 10 years subject to life expectancy tables promulgated pursuant to Section 401(a)(9) of the Internal Revenue Code. If the participant's death occurs prior to the end of the period certain, the remaining balance of payments shall be paid to the participant's beneficiary pursuant to Section 27007.

(c) Except as described in subdivision (e) of Section 26807.5, on or after January 1, 2007, a participant may not make a new election of an annuity described in subdivision (b).

§ 26807.5. Election to receive the retirement benefit as an annuity payable in monthly installments

(a) Upon application for a retirement benefit under this part, the participant may elect to receive the retirement benefit as an annuity payable in monthly installments, provided the sum of the employee account and employer account equals or exceeds three thousand five hundred dollars (\$3,500). If the participant elects to receive the retirement benefit as an annuity, the participant shall elect one of the following forms of payment:

(1) Participant only annuity. This is a single life annuity with a cash refund feature that is the actuarial equivalent of the amount that would be payable to the participant if the participant elected to receive the retirement benefit in a lump-sum payment. Upon the death of the participant, an amount equal to the remaining balance of the participant’s contributions and interest shall be paid in a lump-sum to the participant’s beneficiary.

(2) One hundred percent beneficiary annuity. This is a joint and survivor annuity that is the actuarial equivalent of the lump-sum payment modified to be payable over the combined lives of the participant and the participant’s annuity beneficiary. Upon the death of the participant, 100 percent of the monthly amount that was payable to the participant shall be paid monthly to the participant’s surviving annuity beneficiary.

(3) Seventy-five percent beneficiary annuity. This is a joint and survivor annuity that is the actuarial equivalent of the lump-sum payment modified to be payable over the combined lives of the participant and the participant's annuity beneficiary. Pursuant to Section 401(a)(9) of the Internal Revenue Code, unless the annuity beneficiary is the participant's spouse or former spouse who has been awarded a community property interest in the participant's benefits under this part, the participant may not designate an annuity beneficiary under this annuity who is more than exactly 19 years younger than the participant. Upon the death of the participant, 75 percent of the monthly amount that was payable to the participant shall be paid monthly to the participant's surviving annuity beneficiary.

(4) Fifty percent beneficiary annuity. This is a joint and survivor annuity that is the actuarial equivalent of the lump-sum payment modified to be payable over the combined lives of the participant and the participant's annuity beneficiary. Upon the death of the participant, 50 percent of the monthly amount that was payable to the participant shall be paid monthly to the participant's surviving annuity beneficiary.

(5) A period certain annuity. This form of payment is an annuity that is equal to the actuarial equivalent of the balance of credits in the participant's Cash Balance Benefit account on the date the retirement benefit becomes payable. The annuity shall be payable in whole year increments over a period of years specified by the participant, from a minimum of three years to a maximum of 10 years subject to life expectancy tables promulgated pursuant to Section 401(a)(9) of the Internal Revenue Code. If the participant's death occurs prior to the end of the period certain, the remaining balance of payments shall be paid to the participant's beneficiary pursuant to Section 27007.

(b) If an annuity beneficiary designated pursuant to paragraph (2), (3), or (4) of subdivision (a) predeceases the participant, the annuity shall be paid to the participant as the participant only annuity described in paragraph (1) of subdivision (a) that would have been payable had the participant elected that form of payment at the commencement of the benefit. That participant only annuity shall be payable as of the day following the date of the annuity beneficiary's death upon receipt by the system of proof of the annuity beneficiary's death. If the annuity beneficiary predeceases the participant, the participant may designate a new annuity beneficiary. The effective date of the new designation shall be six months following the date notification is received by the board, provided both the participant and the new designated annuity beneficiary are then living. Notice to the board of the death of the annuity beneficiary shall be on a properly executed form provided by the system. The designation of the new annuity beneficiary under this paragraph is subject to an actuarial modification of the participant only annuity and may not result in any additional liability to the fund.

(c) If a nonparticipant spouse elects to receive the retirement benefit as an annuity, the nonparticipant spouse shall elect the form of payment specified in paragraph (1) or (5) of subdivision (a) and, in those paragraphs, references to a "participant" shall apply to the nonparticipant spouse.

(d) Notwithstanding Section 297 or 299.2 of the Family Code, a spouse as described in paragraph (3) of subdivision (a) does not include the domestic partner of the participant, pursuant to Section 7 of Title 1 of the United States Code.

(e) If there is a determination of community property rights as described in Chapter 15 (commencing with Section 27400) of this part on or before December 31, 2006, the participant may elect the annuity that is required by the judgment or court order. Nothing in this part shall permit the participant to change the annuity to the detriment of the community property interest of the nonparticipant spouse.

After cancellation, the participant may elect to make a one-time change from the preexisting annuity to any other annuity provided by and subject to the restrictions of paragraph (1), (2), (3), or (4) of subdivision (a). (a) A participant retired for service under this part may perform retired participant activities, but the participant shall not make contributions to the plan or accrue service credit under the Defined Benefit Program based on compensation earned from that service. The employer shall maintain accurate records of the earnings of the retired participant and report those earnings monthly to the system and retired participant.

(b) If a participant is retired for service under this part, the annualized rate of pay for retired participant activities performed by that participant shall not be less than the minimum, nor exceed the maximum, paid by the employer to other employees performing comparable duties.

(c) A participant retired for service under this part shall not be required to reinstate for performing retired participant activities.

(d) (1) If all of the following apply to a participant retired for service under this part, the participant’s annuity shall be reduced by the amount of the compensation:

(A) The participant is receiving an annuity under the Cash Balance Benefit Program.

(B) The participant is below normal retirement age or retired on or after January 1, 2014.

(C) The participant earns compensation paid in cash for performing retired participant activities, excluding reimbursements paid by an employer for expenses incurred by the participant in which payment of the expenses by the participant is substantiated.

(2) The reduction in paragraph (1) shall only be made for compensation paid in cash during the first 180 calendar days after a participant retired for service under this part. The amount of the reduction in an individual month shall be no more than the monthly annuity payable in that month, and the total amount of the reduction shall not exceed the amount of the annuity payable during the first 180 calendar days after a participant retired for service under this part. For written agreements pertaining to the performance of retired participant activities entered into, extended, renewed, or amended on or after January 1, 2014, the reduction in paragraph (1) shall also be made for payments made for the performance of retired participant activities, including, but not limited to, those for participation in a deferred compensation plan; to purchase an annuity contract, tax-deferred retirement plan, or insurance program; and for contributions to a plan that meets the requirements of Section 125, 401(a), 401(k), 403(b), 457(b), or 457(f) of Title 26 of the United States Code when the cost is covered by an employer.

(3) Subject to the limitation described in paragraph (4), if all of the following apply to a participant retired for service under this part, the participant's application for the retirement benefit shall automatically be canceled:

(A) The participant is anticipated to receive the retirement benefit in the form of a lump-sum payment.

(B) The participant earns compensation for performing creditable service within 180 calendar days following the date of termination of employment.

(4) Paragraph (3) does not apply if the participant has reached that age at which the Internal Revenue Code of 1986 requires a distribution of benefits. A participant who has reached that age shall receive a distribution commencing on the earlier of the date that the participant has met the conditions of subdivision (b) of Section 26806 or the conditions of subdivision (c) of Section 26004.

(e) If the participant has attained normal retirement age at the time the compensation is earned, subdivision (d) shall not apply if the appointment has been approved by the governing body of the employer in a public meeting, as reflected in a resolution adopted by the governing body of the employer prior to the performance of retired participant activities, expressing its intent to seek an exemption from the limitation specified in subdivision (d). Approval of the appointment shall not be placed on a consent calendar. Notwithstanding any other provision of Division 10 (commencing with Section 7920.000) of Title 1 of the Government Code or any state or federal law incorporated by Section 7927.705 of the Government Code, the resolution shall be subject to disclosure by the entity adopting the resolution and the system. The resolution shall include the following specific information and findings:

(1) The nature of the employment.

(2) A finding that the appointment is necessary to fill a critically needed position before 180 calendar days have passed.

(3) A finding that the participant is not ineligible for application of this subdivision pursuant to subdivision (g).

(4) A finding that the termination of employment of the retired participant with the employer is not the basis for the need to acquire the services of the participant.

(f) Subdivision (e) shall not apply to a retired participant whose termination of employment with the employer is the basis for the need to acquire the services of the participant.

(g) Subdivision (e) shall not apply if the participant received additional service credit pursuant to Section 22714 or 22715 or received from any public employer any financial inducement to retire. For purposes of this section, "financial inducement to retire" includes, but is not limited to, any form of compensation or other payment that is paid directly or indirectly by a public employer to the participant, even if not in cash, either before or after retirement, if the participant retires for service on or before a specific date or specific range of dates established by a public employer on or before the date the inducement is offered. The system shall liberally interpret this subdivision to further the Legislature's intent to make subdivision (e) inapplicable to participants if the participant received a financial incentive from any public employer to retire or otherwise terminate employment with a public employer.

(h) The superintendent, the county superintendent of schools, or the chief executive officer of a community college shall submit all documentation required by the system to substantiate the eligibility of the retired participant for application of subdivision (e), including, but not limited to, the resolution adopted pursuant to that subdivision.

(i) The documentation required by this section shall be received by the system prior to the retired participant's performance of retired participant activities.

(j) Within 30 calendar days of the receipt of all documentation required by the system pursuant to this section, the system shall inform the entity seeking application of the exemption specified in subdivision (e) and the retired participant whether the compensation paid to the participant will be subject to the limitation specified in subdivision (d).

(a) Upon application for a disability benefit under this part, the participant may elect to receive the disability benefit in the form of an annuity provided the sum of the employee account and employer account equals or exceeds three thousand five hundred dollars (\$3,500).

(b) If the participant elects to receive the disability benefit as an annuity, the participant shall elect one of the following forms of payment:

(1) A single life annuity without a cash refund feature. This form of payment is the actuarial equivalent of the amount that would be payable to the participant if the participant elected to receive the disability benefit in a lump-sum payment. This benefit shall be payable for the life of the participant. Upon the death of the participant, no other benefit shall be payable to any beneficiary under this part.

(2) A single life annuity with a cash refund feature. This form of payment is the actuarial equivalent of the amount that would be payable to the participant if the participant elected to receive the disability benefit in a lump-sum payment. This benefit shall be payable for the life of the participant and any balance remaining upon the death of the participant shall be payable in a lump sum to the participant's beneficiary.

(3) A 100-percent joint and survivor annuity with a “pop-up” feature. This form of payment is the actuarial equivalent of the amount that would be payable to the participant if the participant elected to receive the disability benefit in a lump-sum payment, modified to be payable over the combined lives of the participant and the participant's annuity beneficiary. Upon the death of the participant, the monthly amount that was payable to the participant shall be paid monthly to the participant's annuity beneficiary. However, if the annuity beneficiary predeceases the participant, the annuity payable to the participant shall be the single life annuity with a cash refund feature that would have been payable had the participant elected that form of payment at the commencement of the benefit. That single life annuity shall be payable as of the day following the date of the annuity beneficiary's death upon receipt by the system of proof of the annuity beneficiary's death. If the annuity beneficiary predeceases the participant, the participant may designate a new annuity beneficiary. The effective date of the new designation shall be six months following the date notification, on a properly executed form, is received by the board, provided both the participant and the new designated annuity beneficiary are then living. The designation of the new annuity beneficiary under this paragraph shall be subject to an actuarial modification of

the single life annuity with a cash refund feature and shall not result in any additional liability to the fund. The new annuity beneficiary shall not be an existing annuity beneficiary.

(4) A 50-percent joint and survivor annuity with a “pop-up” feature. This form of payment is the actuarial equivalent of the amount that would be payable to the participant if the participant elected to receive the disability benefit in a lump-sum payment, modified to be payable over the combined lives of the participant and the participant’s annuity beneficiary. Upon the death of the participant, one-half of the monthly amount that was payable to the participant shall be paid monthly to the participant’s annuity beneficiary. However, if the annuity beneficiary predeceases the participant, the annuity payable to the participant shall be the single life annuity with a cash refund feature that would have been payable had the participant elected that form of payment at the commencement of the benefit. That single life annuity shall be payable as of the day following the date of the annuity beneficiary’s death upon receipt by the system of proof of the annuity beneficiary’s death. If the annuity beneficiary predeceases the participant, the participant may designate a new annuity beneficiary. The effective date of the new designation shall be six months following the date notification, on a properly executed form, is received by the board, provided both the participant and the new designated annuity beneficiary are then living. The designation of the new annuity beneficiary under this paragraph shall be subject to an actuarial modification of the single life annuity with a cash refund feature and shall not result in any additional liability to the fund. The new annuity beneficiary shall not be an existing annuity beneficiary.

(5) A period certain annuity. This form of payment is an annuity equal to the actuarial equivalent of the sum of balance of the employee account and the employer account on the date the disability benefit becomes payable. The annuity shall be payable in whole year increments over a period of years specified by the participant, from a minimum of three years to a maximum of 10 years subject to life expectancy tables promulgated pursuant to Section 401(a)(9) of the Internal Revenue Code. If the participant’s death occurs prior to the end of the period certain, the remaining balance of payments shall be paid to the participant’s beneficiary pursuant to Section 27007.

(c) Except as described in subdivision (c) of Section 26906.5, on or after January 1, 2007, a participant may not make a new election of an annuity described in subdivision (b).

Added by Stats 1995 ch 592 § 16 (AB 1298). Amended by Stats 1996 ch 608 § 39 (AB 2673), effective September 19, 1996, operative July 1, 1996; Stats 1998 ch 965 § 287 (AB 2765); Stats 2001 ch 803 § 44 (SB 501); Stats 2002 ch 903 § 9 (SB 1983); Stats 2006 ch 655 § 75 (SB 1466), effective January 1, 2007; Stats 2017 ch 298 § 25 (AB 1325), effective January 1, 2018.

§ 26906.5. Payment of the disability benefit as an annuity; Election of option

(a) Upon application for a disability benefit under this part, the participant may elect to receive the disabled benefit in the form of an annuity provided the sum of the employee account and employer account equals or exceeds three thousand five hundred dollars (\$3,500). If the participant elects to receive the disability benefit as an annuity, the participant shall elect one of the following forms of payment:

(1) Participant only annuity. This is a single life annuity with a cash refund feature that is the actuarial equivalent of the amount that would be payable to the participant if the participant elected to receive the disability benefit in a lump-sum payment. Upon the death of the participant, an amount equal to the remaining balance of the participant’s contributions and interest shall be paid in a lump sum to the participant’s beneficiary.

(2) One hundred percent beneficiary annuity. This is a joint and survivor annuity that is the actuarial equivalent of the lump-sum payment modified to be payable over the combined lives of the participant and the participant’s annuity beneficiary. Upon the death of the participant, 100 percent of the monthly amount that was payable to the participant shall be paid monthly to the participant’s surviving annuity beneficiary.

(3) Seventy-five percent beneficiary annuity. This is a joint and survivor annuity that is the actuarial equivalent of the lump-sum payment modified to be payable over the combined lives of the participant and the participant’s annuity beneficiary. Pursuant to Section 401(a)(9) of the Internal Revenue Code, unless the annuity beneficiary is the participant’s spouse or former spouse who has been awarded a community property interest in the participant’s benefits under this part, the participant may not designate an annuity beneficiary under this annuity who is more than exactly 19 years younger than the

participant. Upon the death of the participant, 75 percent of the monthly amount that was payable to the participant shall be paid monthly to the participant's surviving annuity beneficiary.

(4) Fifty percent beneficiary annuity. This is a joint and survivor annuity that is the actuarial equivalent of the lump-sum payment modified to be payable over the combined lives of the participant and the participant's annuity beneficiary. Upon the death of the participant, 50 percent of the monthly amount that was payable to the participant shall be paid monthly to the participant's surviving annuity beneficiary.

(5) A period certain annuity. This form of payment is an annuity that is equal to the actuarial equivalent of the balance of credits in the participant's Cash Balance Benefit account on the date the disability benefit becomes payable. The annuity shall be payable in whole year increments over a period of years specified by the participant, from a minimum of three years to a maximum of 10 years subject to life expectancy tables promulgated pursuant to Section 401(a)(9) of the Internal Revenue Code. If the participant's death occurs prior to the end of the period certain, the remaining balance of payments shall be paid to the participant's beneficiary pursuant to Section 27007.

(b) If an annuity beneficiary designated pursuant to paragraph (2), (3), or (4) of subdivision (a) predeceases the participant, the annuity shall be paid to the participant as the participant only annuity described in paragraph (1) of subdivision (a) that would have been payable had the participant elected that form of payment at the commencement of the benefit. That participant only annuity shall be payable as of the day following the date of the annuity beneficiary's death upon receipt by the system of proof of the annuity beneficiary's death. If the annuity beneficiary predeceases the participant, the participant may designate a new annuity beneficiary. The effective date of the new designation shall be six months following the date notification is received by the board, provided both the participant and the new designated annuity beneficiary are then living. Notice to the board of the death of the annuity beneficiary shall be on a properly executed form provided by the system. The designation of the new annuity beneficiary under this paragraph is subject to an actuarial modification of the participant only annuity and may not result in any additional liability to the fund.

(c) Notwithstanding Section 297 or 299.2 of the Family Code, a spouse as described in paragraph (3) of subdivision (a) does not include the domestic partner of the participant pursuant to Section 7 of Title 1 of the United States Code.

(d) If there is a determination of community property rights as described in Chapter 15 (commencing with Section 27400) of this part on or before December 31, 2006, the participant may elect the annuity that is required by the judgment or court order. Nothing in this part shall permit the participant to change the annuity to the detriment of the community property interest of the nonparticipant spouse.

Section 28004. Each period of service in the uniformed services by the participant shall, upon that participant's return to employment with the same employer or employers which had employed the participant immediately prior to the eligible period of service in the uniformed services, constitute employment toward the performance of creditable service provided that participant elects to remit the employee contributions that would have been made during the period of service in the uniformed services. The remittance of employee contributions shall be calculated pursuant to Sections 26501 and 28003. Following receipt of that notice, the system shall calculate in accordance with Section 28003 the total amount of employer contributions due for the participant for the full period of service in the uniformed services. Within 60 working days of notification by the plan of amount due, the employer shall remit to the plan all employer contributions.

Following the review of candidate statements by the Election Coordinator, he or she shall distribute to each candidate in the respective contest all candidate statements as they shall appear in election materials distributed to eligible voters.

Any copy or representation of election material, such as the ballot or campaign materials that include the System name, logo or registered mark of the System, shall include a disclaimer that neither the System nor the Teachers' Retirement Board endorses any particular candidate or position.

Valid ballots shall be canvassed publicly by an independent, neutral agent appointed by the System for that purpose on the date specified in the Notice of Election at a location to be designated by the System.

Depending upon the method of balloting selected by the Election Coordinator, the following are declared to be invalid ballots and shall not be counted in the election:

§ 24007. Recount of an Election

(a) A candidate in the affected Board member election may file a written request with the Election Coordinator at the headquarters office of the System for recount within ten business days following the distribution of the certified election results; otherwise, there shall be no opportunity for requesting a recount and the certified election results stand as the final results.

(b) A request for a recount shall not delay the seating of an elected Board member. Such elected Board member shall take office on either the day provided for by statute or immediately, if elected to fill a vacancy, subject to the potential termination of such Board membership as a result of the recount.

(c) A candidate in the affected Board member election may request a recount of the valid ballots only if the difference in the number of votes cast between the candidate requesting the recount and the unofficial winner is less than 3 percent of the total number of valid ballots cast. A written request for a recount shall specify the election to be recounted, shall be signed by the candidate requesting the recount, and may specify any other relevant material to be examined.

(d) The Election Coordinator shall set a date for the recount upon receipt of the written request, and shall confirm this date upon receipt of the estimated cost to conduct the recount. The estimated cost of conducting a recount will include the System's administrative cost and the costs of the independent, neutral agent appointed by the System to canvass the valid ballots. Legal tender of the amount of the estimated cost of conducting the recount shall be submitted by the candidate requesting the recount to the Election Coordinator within three business days following notification of the estimated cost to conduct the recount; otherwise, the recount shall be terminated.

(e) If the results of the recount do not change the ranking of the candidates then the certified results shall stand as the final election results. In this case, if the actual cost of the recount is less than the estimated cost deposited by the requester, the System shall refund the amount which exceeds the actual cost; if the actual cost of the recount is more than the estimated cost, the System shall invoice the requester for the difference.

(f) If the results of the recount do change the ranking of the candidates, then the recount results shall be certified by the Chief Executive Officer and shall stand as the final election results. In this case, the System shall refund the amount of the estimated cost deposited by the requester.

§ 24008. Protest of an Election

A candidate in the affected Board member election may protest an election by filing a written protest with the Election Coordinator at the headquarters office of the System within ten business days following the mailing of the certified election results for an election or a recount, otherwise, there shall be no

opportunity for filing a protest and the certified election results shall stand as the final election results. The written protest shall be identified using the word "protest", shall specify the election, and shall state the grounds of the protest and suggested remedy.

Upon receipt of a valid and timely protest, the Election Coordinator shall mail a copy of the request to all candidates in the election and notify the Board and other interested parties that a protest has been filed.

An ad-hoc committee of the Board consisting of an odd number of members no fewer than three shall determine, what remedy, if any, shall be granted to the candidate filing the protest. No Board member who is a candidate in the election under protest, or has endorsed a candidate in the election under protest may become a member of the committee or participate in its selection.

The Board chairperson shall appoint Board members to the committee. If the Board chairperson is a candidate or has endorsed a candidate in the election under protest, the Board vice chairperson shall appoint Board members to the committee. If the Board vice chairperson is a candidate or has endorsed a candidate in the election under protest, the Board shall appoint from its number, members to the committee at its next regularly scheduled meeting.

If a minimum of three Board members are not eligible to participate on the ad-hoc committee, or if a majority of the full Board, excluding candidates but including endorsers of candidates so directs, the protest shall instead be determined by a panel of three arbitrators in accordance with the provisions below, the laws of the State of California, and the Labor Arbitration rules of the American Arbitration Association (AAA) in effect at the time, to the extent the AAA rules are not in conflict with these regulations. One member of the panel shall be selected by the protesting candidate, one member of the panel shall be selected by the successful candidate, and the third member, who shall serve as chair, shall be selected by the first two panel members.

The committee may consider written and/or oral arguments submitted by the candidate filing the protest and any other interested party, in making its determination. Any oral proceedings by the committee shall be held in the Board's meeting room and be open to the public. Other procedures, including those for receiving and considering arguments and factual allegations, shall be determined by the committee or arbitration panel in its sole discretion.

The determination of the committee or arbitration panel shall be rendered within 30 calendar days of its appointment and shall be final and binding on the System and candidates for office. The committee or arbitration panel shall declare the election under protest void, and the position vacant, only upon a finding that Board-adopted election procedures were not substantially followed and that, without this lack of substantial compliance, the election outcome would likely have been different.

The filing of a protest shall not delay the seating of an elected Board member. Such elected Board member shall take office on either the day provided for by statute or immediately, if elected to fill a vacancy, subject to the potential termination of such Board membership as a result of the protest. Any newly elected member, as the result of a protest, shall hold office for a period equal to the remainder of the term of the vacated office.

The Board shall hold special elections to fill vacancies that occur during the term of the elected members of the Board by distributing a Notice of Election for a vacated seat within 90 calendar days of the vacancy. § 27101. Administrative Remedy for Benefits & Services and Financial Services

(a) Any applicant who disagrees with a Decision, excluding audit findings as referenced in section 27102, may request a review of that Decision by the Program Executive. The request for review must:

(1) Be made in writing;

(2) Be addressed to the Program Executive;

(3) State all facts, any basis in the Education Code or other law that applicant believes are relevant, and any other pertinent information, which may include but is not limited to medical records, which the applicant relies on to dispute the Decision.

(A) The stated facts, law, and pertinent information, which may include but is not limited to medical records, must be submitted with all documentary evidence applicable to the disputed Decision. If there is no documentary evidence, the writing should expressly state there is an absence of such evidence.

(B) It is the applicant's burden to show that the facts, law, and pertinent information would provide a legal basis for CalSTRS to reverse the Decision.

(4) Within forty-five (45) days after the date of the disputed written Decision, be received by the System Headquarters or by a CalSTRS Field Office or at the following email address: [CalSTRSInternalReview@calstrs.com].

(b) CalSTRS will inform the applicant of the applicant's right to an administrative hearing. CalSTRS will also refer the applicant to the Office of Administrative Hearings (OAH) for information pertaining to administrative hearings, notify the applicant that the applicant has a right to self-representation or counsel at their own expense and that CalSTRS will be represented by counsel.

(c) If the applicant's request for review by a Program Executive ("Executive Review") does not contain additional information or legal basis for review beyond the facts and/or documentary evidence previously provided to or obtained by the program area and merely repeats information previously provided, the applicant's request for Executive Review by the Program Executive shall be denied and the applicant may request an administrative hearing. The Program Executive may consult with CalSTRS staff prior to denying applicant's request for Executive Review.

(d) If the Program Executive determines that the applicant has provided sufficient additional information or legal basis for review, the Program Executive will review the Decision and make one of the following Determinations:

(1) Based upon review of the law and facts, including any additional information provided by applicant, applicant has not provided a legal basis to reverse the Decision and has therefore failed to meet his or her legal burden. The Program Executive shall inform the party in writing of the Determination and the applicant's right to an administrative hearing.

(2) Informal fact finding is necessary in regard to the applicant's dispute with the Decision and the matter is referred to staff for investigation. The informal factual investigation may include, but is not limited to, inquiries made to the applicant and requests for further documentary evidence pursuant to Education Code sections 22207, 22250, 22450, 24003, 24103, and 26002. The applicant must in good faith cooperate with and respond to staff.

(A) The applicant must respond in writing, either through mail, facsimile or email, to any inquiries made and/or requests for further documentary evidence. If the applicant fails to respond in writing or produce documentary evidence within forty-five (45) days after the inquiry or request was made, the applicant shall be deemed to have waived the right to pursue any additional administrative remedies. Accordingly, the Decision will be deemed to be a Determination by the Program Executive.

(B) At the discretion of the Program Executive an extension to respond to any inquiries made and/or requests for further documentary evidence may be granted if the request for an extension is made prior to the last day to respond, in writing, and received at the System Headquarters, at a CalSTRS field office, or at the following email address: [CalSTRSInternalReview@calstrs.com].

(C) Upon completion of the informal factual investigation, the Program Executive will conduct a review of the additional information, the legal basis for review that applicant believes are relevant, and the information gathered through investigation. The review may include consultation with, including but not limited to, staff, the Ombudsman, a Legal Services representative, and a representative from the relevant program area. After the review is complete, the Program Executive shall make a Determination and shall inform the applicant in writing within fifteen (15) days. If the applicant disagrees with the Program Executive's Determination under subdivisions d(1) or d(2)(C) of this section, the applicant may request an administrative hearing.

(e) The request for an administrative hearing shall be directed to CalSTRS Legal Services within ninety (90) days of the date of the Determination signed by the Program Executive. The request shall be in writing and mailed to the following address: CalSTRS Legal Services, PO Box 15275, MS #3, Sacramento, CA 95851. If the applicant fails to make a written request for administrative hearing within the

time prescribed, the Program Executive's Determination shall be final and the right to an administrative hearing shall be deemed waived.

(a) If an applicant, as defined in Section 27100, subdivision (a) or an entity, including but not limited to a public agency or employer, is affected by the preliminary findings of an audit pursuant to Education Code section 22206, the applicant or the entity may provide a written response to the preliminary audit findings. A final audit report is a Determination and is not subject to internal review by a Program Executive ("Executive Review") or the Director of Audit Services.

(b) CalSTRS will inform the applicant or entity of the applicant's or entity's right to an administrative hearing. CalSTRS will also refer the applicant to the Office of Administrative Hearings (OAH) for information pertaining to administrative hearings and provide notification of the right to self-representation or counsel at their own expense and that CalSTRS will be represented by counsel.

(c) If an applicant or entity disagrees with the final audit Determination, the applicant or entity may request an administrative hearing. The request for an administrative hearing shall be directed to the CalSTRS Legal Services within ninety (90) days from the date of the final audit Determination. The request shall be in writing and mailed to the following address: CalSTRS Legal Services, PO Box 15275, MS #3, Sacramento, CA 95851. If an applicant or entity fails to request an administrative hearing within the time prescribed, such Determination or action shall be final and the right to an administrative hearing shall be deemed waived.

ARTICLE 5. APPROPRIATE CREDITING OF CONTRIBUTIONS

§ 27600. Consistent Treatment of Compensation

(a) In assessing the consistency of an increase that occurs during the period of time specified in subdivision (f), an increase is consistent if the employer demonstrates that it is due to any of the following:

(1) A restructure of compensation that is a permanent change, as indicated by not meeting either of the criteria for inconsistency described in subdivision (d).

(2) A salary deferral due to a reduction in school funds.

(3) A commensurate percentage increase in compensation earnable for the majority of members employed by the same employer.

(4) A change in duties required of the employee that is incorporated in the first contract for the immediate successor to the position.

(5) An increase in responsibility of the employee that is incorporated in the first contract for the immediate successor to the position.

(6) Attainment of an educational or performance benchmark.

(7) An increase that establishes pay parity as demonstrated by any of the following:

(A) Commensurate compensation earnable for that same position in the past.

(B) Commensurate compensation earnable for other employees performing similar duties for the same employer or other employers.

(8) A commensurate compensation earnable for the immediate successor.

(9) A commensurate compensation earnable for the immediate predecessor.

(10) More education or experience than the immediate predecessor.

(11) An increase in compensation that is required to recruit for a position which is directly responding to a specific time-bound financial crisis, not to exceed 150 percent of the base compensation earnable of the predecessor in the position or the most similar position prior to the crisis. For the purposes of this paragraph, a specific time-bound financial crisis is, for school districts, a negative certification of financial obligations pursuant to Section 1240 of the Education Code or, for community college districts, a finding of serious hardship of financial condition as defined in subdivision (c) of Section 59204 of Subchapter 4, Chapter 10, Division 6 of this Title.

(b) In assessing the consistent treatment of compensation for a position, if the successor's compensation earnable is lower than the member's, the member's compensation shall not be presumed to be inconsistent solely by reason of the reduced successor pay.

(c) In assessing the consistency of an increase that occurs during the period of time specified in subdivision (f), an increase that is not due to any of the circumstances listed in subdivision (a) is presumed to be inconsistent.

(d) A restructure of compensation pursuant to paragraph (1) of subdivision (a) is inconsistent if either of the following applies:

(1) The restructure is effective on or after January 1, 2016, and is outside of that employer's standard bargaining or employment contract negotiation time frames.

(2) The restructure is implemented for a class of one, and the change is reversed upon hire and negotiation of the first contract of the immediate successor.

(e) Notwithstanding subdivision (a), if there is determined to be a pattern of late career changes that result in additional compensation that the system determines was paid to enhance a member's benefits, such as, but not limited to, assignment of duties or responsibilities by an employer to employees during the final compensation period, the additional compensation for those duties is presumed to be inconsistent.

(f)(1) For a member whose initial final compensation after his or her most recent retirement is calculated using a period of 36 or 12 consecutive months pursuant to Section 22134, 22134.5 or 22135 of the Education Code, the period of time is seven years preceding and including the last day used to calculate final compensation.

(2) For a member whose initial final compensation after his or her most recent retirement is calculated using nonconsecutive periods of time due to a reduction in school funds as permitted by Education Code section 22134, the period of time begins four years prior to the first day used to calculate final compensation and ends on the last day used to calculate final compensation.

§ 27601. Appropriate Crediting of Contributions

(a) Upon determination that compensation was treated inconsistently, except in cases where an adjustment to the crediting of contributions would not result in a change to a member's final compensation, CalSTRS shall limit the amount of contributions that are credited to the Defined Benefit Program during the period of time specified in subdivision (b).

(1) If the inconsistent treatment of compensation is the result of a restructure of compensation, the employer shall report the amount that was restructured to the member's Defined Benefit Supplement account.

(2) If the inconsistent treatment of compensation is not attributable to a restructure, the employer shall report the portion of compensation in excess of the following thresholds to the member's Defined Benefit Supplement account:

(A) For inconsistent compensation increases concurrent with a change in position, the threshold for the fiscal year in which the inconsistent compensation increase occurred is the immediate predecessor's salary increased by the percentage calculated pursuant to paragraph (3). The resulting amount is the baseline on which the percentage increase calculated pursuant to paragraph (4) shall be applied to determine the threshold for each subsequent fiscal year.

(B) For inconsistent compensation increases not concurrent with a change in position, the threshold for the fiscal year in which the inconsistent compensation increase occurred is the member's compensation earnable for the year prior to the year in which the inconsistent increase occurred increased by the percentage calculated pursuant to paragraph (3). The resulting amount is the baseline on which the percentage increase calculated pursuant to paragraph (4) shall be applied to determine the threshold for each subsequent fiscal year.

(3) For the purposes of subparagraphs (A) and (B) of paragraph (2), the percentage increase to establish the baseline amount shall be the greater of either (A) or (B), whichever is applicable, or (C), as follows:

(A) 150 percent of the median percentage increase of the compensation earnable of the members at the member's employer between that fiscal year and the previous fiscal year, if that employer has at least 30 members.

(B) 150 percent of the median percentage increase of the compensation earnable of the members within the member's county between that fiscal year and the previous fiscal year, if the member's employer has less than 30 members.

(C) 150 percent of the median percentage increase of the compensation earnable of active members statewide, or zero, whichever is greater.

(4) For the purposes of subparagraphs (A) and (B) of paragraph (2), the percentage increase applied during each subsequent fiscal year shall be calculated as follows:

(A) For each subsequent inconsistent increase that is not concurrent with a change in position, the percentage calculated pursuant to paragraph (3) is applied to the prior year's threshold amount.

(B) For each subsequent inconsistent increase that is concurrent with a change in position, the percentage calculated pursuant to paragraph (3) is applied to the immediate predecessor's salary.

(C) For each subsequent consistent increase that is not concurrent with a change in position, the same percentage increase that the member earned is applied to the prior year's threshold amount.

(D) For each subsequent consistent increase that is concurrent with a change in position, the threshold amount is the actual compensation earnable for that new position.

(b)(1) For a member whose initial final compensation after his or her most recent retirement is calculated using a period of 36 or 12 consecutive months pursuant to Section 22134, 22134.5 or 22135 of the Education Code, the period of time shall not exceed the seven years preceding and including the last day used to calculate the member's final compensation.

(2) For a member whose initial final compensation after his or her most recent retirement is calculated using nonconsecutive periods of time due to a reduction in school funds as permitted by Education Code section 22134, the period of time shall not exceed the number of years that begins four years prior to the first day used to calculate final compensation and ends on the last day used to calculate final compensation.

§ 27602. Compensation That is Paid a Limited Number of Times

(a) Compensation is creditable to the Defined Benefit Supplement account if compensation was restructured into salary or remuneration in addition to salary as described in subdivision (c) of Section 27400 or subdivision (b) of Section 27401, and is paid a limited number of times, has a specified end date, or is otherwise not permanent.

(b) Contributions for remuneration in addition to salary that is paid pursuant to Section 27401 shall be credited to the member's Defined Benefit Supplement account if the compensation is not ongoing, as limited by either of the following:

(A) The number of times is specified in law or in a publicly available written contractual agreement.

(B) The compensation is not scheduled to continue.
