

## Regular Meeting

### Item Number 9 – Open Session

**Subject:** Disclosure of Incentives for Statutory Positions for the 2021-22 Plan Year

**Presenter(s):** Chairperson

**Item Type:** Consent Information

**Date & Time:** November 2, 2022 – 0 minutes

---

**Attachment(s):** Attachment 1 – Incentive Award Disclosure

**PowerPoint(s):** None

---

#### **Item Purpose**

The purpose of this item is to disclose to the board a summary report of incentive awards for participants covered under the board's policy, Section 6, Compensation Policy for Designated Executive Management, and Investment staff (Compensation Policy), for FY 2021-22.

#### **Executive Summary**

The board's Compensation Policy and its Administrative Procedures are designed to provide full transparency for members, beneficiaries and other related constituents. The policy is intended to reinforce CalSTRS investment, governance and compensation philosophies and objectives, allow CalSTRS to attract, motivate and retain top-performing executive and investment staff, align incentive payouts with overall System, functional area, and individual performance, and focus staff on key investment objectives/benchmarks that are measured on a long-term basis.

Participants within the incentive pay plan are eligible for maximum incentive opportunities based on quantitative and qualitative measures which vary by position and associated responsibility. The board's compensation principles incorporate a clear direction that quantitative incentives are only earned when investment performance is above identified benchmarks. As a defined benefit pension system, our investment outlook is long-term. Quantitative measures are based on three-year returns of the total portfolio and asset classes. In FY 2021-22, the three-year return for the total portfolio exceeded the target benchmark. This resulted in incentives being awarded for that component, which ranges from 15-30 percent of the total opportunity based on position. Qualitative measures are focused on the current plan year and include personal evaluation components.

An annual report summarizing incentives awarded to eligible staff is provided in Attachment 1. This report identifies the staff person's annual base salary, the maximum incentive award percentage opportunity, the actual incentive percentage achieved, and the resulting dollar amount of the incentive awarded for those that are subject to the board's compensation setting policy. In addition, the report includes Investment Officer IIIs and IIs, whose compensation and incentive parameters are set by the State's collective bargaining process and administered in alignment with the board's Compensation Policy. The quantitative elements of the incentive awards were reviewed and verified by the board's compensation consultant, Global Governance Advisors. All of the awards were made in compliance with and disclosed per the board's Compensation Policy and its Administrative Procedures.

Per board policy, the actual compensation awards are calibrated to represent a very small portion of the above-benchmark value that staff could create. As of the fiscal year ending June 30, 2022, the 3-year returns for Fixed Income, Global Equity, Inflation Sensitive, Innovative Strategies, Private Equity, Real Estate, Risk Mitigating Strategies, and Sustainable Investments and Stewardship Strategies outperformed their benchmarks and contributed to the overall alpha of the Total Fund. The 3-year return of the Total Fund's outperformance equates to approximately \$7.9 billion in income for CalSTRS based upon specific staff decisions (net of fees). The incentive payments for this fiscal year, totaling \$16.9 million, represent 0.21 percent of the value added from those specific investment decisions. This amount does not include the incentive awards for the Chief Executive Officer and the Chief Investment Officer which will be presented to the board today in a separate item.

Incentive awards are not considered creditable compensation for defined benefit pension (CalPERS) calculations.
