Introduction

This appendix analyzes the economic impact of ongoing monthly and quarterly benefit payments made by the California State Teachers' Retirement System (CalSTRS) in fiscal year 2011-2012 (FY 2012) on California and its Assembly districts. CalSTRS benefit payments totaled \$10.7 billion in FY 2012, of which approximately \$9.2 billion were ongoing monthly and quarterly benefit payments to beneficiaries living in California. Table E1 reports CalSTRS benefit program payments by Assembly district. A significant portion of these payments are spent on in-state goods and services, which supports local businesses. These businesses purchase goods themselves, which increases demand for other local vendors and further enlarges the California workforce and economy.

Table E1 Benefit Payments by Assembly District¹

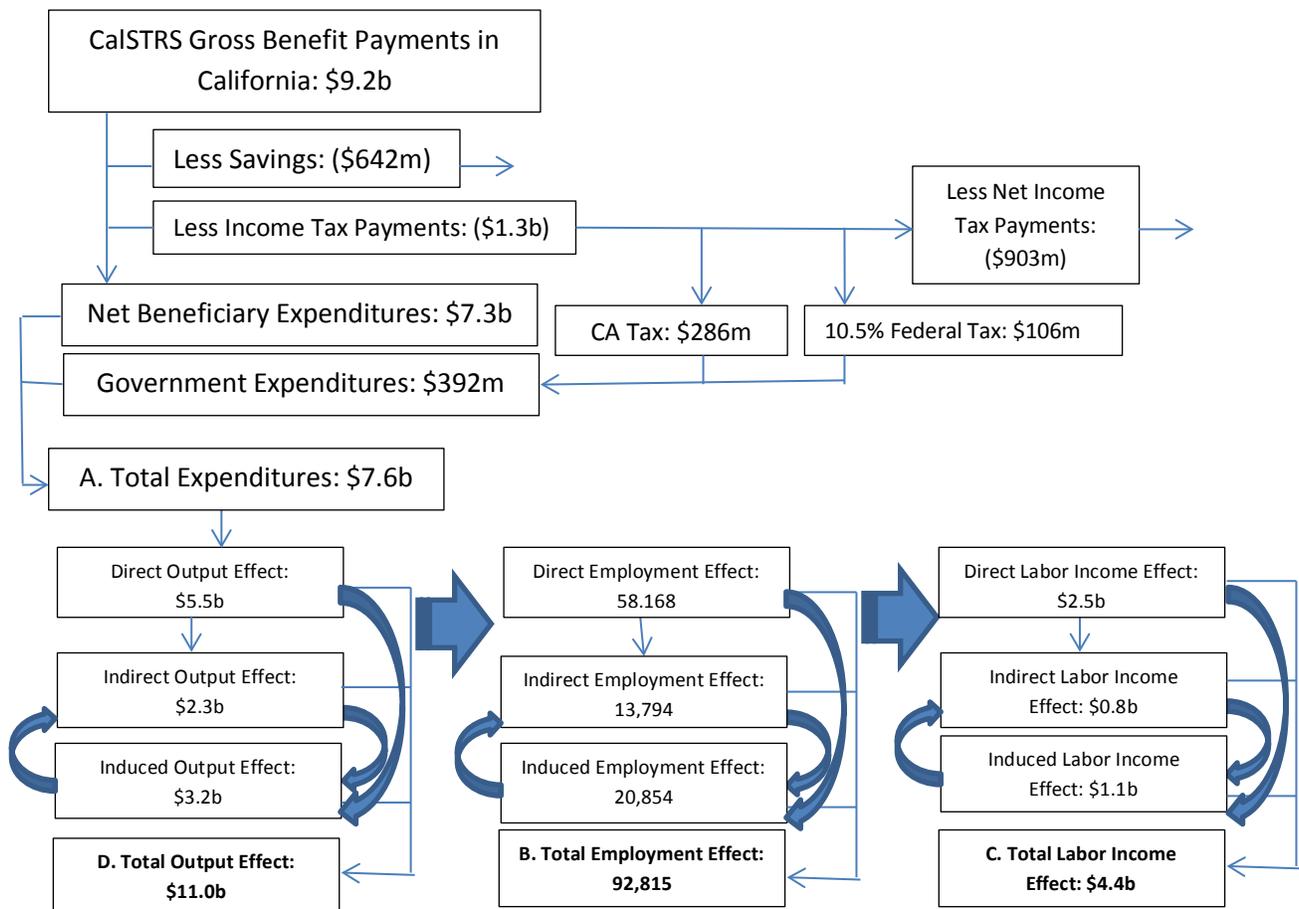

Assembly District	Gross Defined Beneficiary Payments (millions)	Assembly District	Gross Defined Beneficiary Payments (millions)
1 Northeast Cal	\$197.9	41 Pasadena	\$255.5
2 North Coast	\$180.8	42 Yucaipa	\$163.3
3 Butte-Tehama-Yuba	\$149.4	43 Burbank	\$96.8
4 Napa/Yolo/Dixon	\$140.8	44 Ventura Co	\$141.5
5 Foothills	\$170.8	45 W. San Fernando V	\$122.5
6 Roseville	\$200.9	46 Sherman Oaks	\$66.9
7 Sacramento	\$68.5	47 Rialto	\$34.7
8 East Sacramento Co.	\$146.2	48 West Covina	\$80.9
9 South Sacramento	\$111.2	49 Monterey Park	\$100.2
10 Marin-Petaluma	\$155.7	50 West LA	\$110.9
11 Fairfield-Delta	\$95.3	51 East LA	\$39.1
12 Modesto	\$136.5	52 Ontario	\$53.0
13 Stockton	\$92.4	53 Downtown LA	\$12.9
14 Concord	\$116.4	54 Culver City	\$146.6
15 Berkeley	\$141.2	55 Yorba Linda	\$163.4
16 Tri-Valley	\$180.4	56 Imperial County	\$81.4
17 East SF	\$55.1	57 Whittier	\$96.3
18 Oakland	\$97.3	58 Downey	\$64.6
19 West SF	\$72.1	59 South LA	\$13.7
20 Hayward	\$84.9	60 Corona	\$59.3
21 Merced	\$91.8	61 Riverside	\$90.8

¹ The names for the Assembly districts are taken from the website: *Around The Capitol*. For details see: <http://www.aroundthecapitol.com/districts/>

Before estimating the economic impact of expenditures from these payments, they were adjusted across each Assembly district to account for income taxes and savings. This process and details of the economic impact analysis are reported in Section 4 of the Overview Report, but we have included a diagrammatic representation in Figure E1. Once the \$7.6 billion in total expenditures by beneficiaries and government expenditures supported from CalSTRS beneficiary income tax payments were derived, they were distributed according to industry to get the direct output effect for California and the associated total economic impact. A similar process was followed for each Assembly district. Total expenditures for each Assembly district were calculated, and then the total output effect was obtained from the sum of direct, indirect, and induced effects that were estimated through input-output models calibrated to reflect each Assembly district. Using these models, employment and labor income effects for each Assembly district were also derived.

Figure E1 Overview of the Impact Analysis Process

The \$7.3 billion in net beneficiary expenditures, the \$392 million government expenditures supported from CalSTRS beneficiary income tax payments, and the resulting \$7.6 billion in total expenditures are

reported by Assembly district in Table E2. The Assembly districts' rankings with respect to their benefit payments, total output impacts, and total output impacts relative to their economies are reported in Table E3. A summary of net expenditures and the various total effects across Assembly districts are then reported in Table E4. A state-wide map of Assembly districts is presented as a reference in Figure E2, following which are detailed summaries for each Assembly district.

Table E2 Total and Component Expenditures by Assembly District FY 2012

Assembly District	Beneficiary Expenditures (millions)	Government Expenditures (millions)	Total Expenditures (millions)
1 Northeast Cal	\$159.1	\$7.1	\$166.1
