Employment in the California public school system is generally subject to coverage by either the California State Teachers’ Retirement System (CalSTRS) or the California Public Employees’ Retirement System (CalPERS). Employment in a position to perform “creditable service,” as defined in Education Code Section 22119.5, is usually credited in CalSTRS, while classified (non-certificated) employment is usually credited in CalPERS.

A member of CalSTRS who becomes employed by the same or a different school district, a community college district, a county superintendent of schools or limited state employment to perform service that qualifies for membership in CalPERS will have that service credited with CalPERS unless he/she files a written election (within 60 days of the effective date of employment in the new position) to have the service credited with CalSTRS.

A member of CalPERS who is employed by a school employer, Board of Governors of Community College Districts or State Department of Education and who subsequently becomes employed to perform service that qualifies for membership in CalSTRS, will have that service credited with CalSTRS unless he/she files a written election (within 60 days of the effective date of employment in the new position) to have the service credited as a school member with CalPERS.

You are a member of CalSTRS who has accepted employment in a position that qualifies for membership in CalPERS but you may elect to continue retirement system coverage under CalSTRS. Please enter an “X” in the box below if you wish to continue coverage under CalSTRS.
