TO: All County Superintendents of Schools  
    District Superintendents of Schools  
    Community College Districts and  
    Other Employing Agencies

FROM: Executive Office

SUBJECT: Employer Directive 2001-10  
          Earnings Limitation for the 2001-02 School/Fiscal Year  
          for Members Retired for Service from California State Teachers’  
          Retirement System (CalSTRS)

PURPOSE

The purpose of this employer directive is to:

(1) inform employers of the adjusted post-retirement earnings limitation for the 2001-02 school year,
(2) provide education code section references pertaining to members of the CalSTRS Defined Benefit Program who are retired for service and performing creditable service, and
(3) refer to exemptions from the post-retirement earnings limitation under Education Code Sections 24214(e), 24216, 24216.5 and 24216.6.

SCOPE

This directive applies to county superintendents of schools, school districts, community college districts, and the employing agencies that employ CalSTRS retired members to perform creditable service.

DISCUSSION

NOTE: All section references are to the Education Code.

Section 22119.5 defines activities considered to be creditable service when performed for an employer under specified circumstances.
The service retirement earnings limit established in Section 24214 of the Education Code on January 1, 2001 at $22,000 is to be adjusted annually, on each July 1, to reflect the increase in the All-Urban California Consumer Price Index using December 1999 as the base.

The service retirement earnings limit as of July 1, 2001 is adjusted to $22,880.

Section 24214(g) requires CalSTRS to reduce the member’s retirement allowance by the compensation earned in excess of the annual dollar limit. The amount of the reduction may be less than or equal to the gross monthly allowance payable, depending on the amount of the excess compensation earned. The member’s allowance will be reduced dollar-for-dollar from the gross monthly allowance until the amount withheld equals the excess earnings amount. The reduction, however, will be no more than the amount of the annual allowance.

EXAMPLE:

Mr. Smith retires receiving a gross monthly allowance of $1,800. He returns to employment in the California public school system in September 2001. By March 2002, he has earned $17,100 from District 1 and $9,400 from District 2, for a total of $26,500, which is $3,620 in excess of the earnings limitation ($26,500-$22,880=$3,620). Assuming that Mr. Smith stops working at the end of March 2002, his excess earnings of $3,620 would be collected from his gross monthly retirement allowance as follows:

* Note the reduction in monthly allowance starts in May since the excess earnings were reported to CalSTRS in April of 2002.

Retired members may be exempt from the post-retirement earnings limitation if they meet the eligibility criteria. Please refer to the attached matrix for reference to the applicable employer directives.
The disability retirement earnings limit originally established in the Education Code at $15,000 is to be adjusted annually, on each July 1, to reflect the increase in the All-Urban California Consumer Price Index using December 1989 as the base. The disability retirement earnings limit as of July 1, 2001 is adjusted to $20,400.

**ACTION**

The employer is required to maintain accurate records of the retired members’ earnings and to report those earnings monthly to CalSTRS and to the retired members regardless of the method of payment or the fund from which the payments were made.

The employer is required by Section 22461 to advise CalSTRS retired members who perform creditable service of the annual limitation on earnings for performing such service.

All information provided to CalSTRS is subject to audit by CalSTRS Office of Audits pursuant to Section 22206.

Questions regarding the post-retirement earnings limitation should be directed to the Benefit Adjustments Unit of CalSTRS at (916) 229-3813 or to our Teletalk automated system at Toll Free (800) 228-5453.
