TO: All County Superintendents of Schools
    District Superintendents of Schools
    Community College Districts and
    Other Employing Agencies

FROM: EXECUTIVE OFFICE

SUBJECT: Employer Directive 2002-05
          Earnings Limitation for the 2002-03 School/Fiscal Year
          for Members Retired for Service from California State Teachers’
          Retirement System (CalSTRS)

PURPOSE

The purpose of this employer directive is to:

(1) Inform employers of the adjusted post-retirement earnings limitation for the 2002-03 school year.

(2) Inform employers of the impact of the changes made by Assembly Bill 2700 to Education Code Section 22119 and the effect on compensation earned by retired members for creditable service performed July 1, 2002 or later.

(3) Provide Education Code section references pertaining to members of the CalSTRS Defined Benefit Program who are retired for service and performing creditable service.

(4) Refer to exemptions from the post-retirement earnings limitation under Education Code Sections 24214(e), 24216, 24216.5 and 24216.6.

SCOPE

This directive applies to county superintendents of schools, school districts, community college districts, and any employing agencies that employ CalSTRS retired members to perform creditable service.
DISCUSSION

NOTE: All section references are to the Education Code.

Changes to the definition of the creditable compensation as a result of Chapter 1021, Statutes of 2000 (Assembly Bill 2700) In addition to the compensation earned by a retired member that previously had to be reported, compensation earned by a retired member who is not eligible for an exemption, but who performs the following creditable service on or after July 1, 2002, must also be reported to CalSTRS and monitored against the post-retirement earnings limitations.

- Summer school and intersession service
- Additional duties that meet the definitions of creditable service such as school activities that are related to or an outgrowth of the instructional and guidance program of the school
- Creditable service that exceeds the full-time requirement for the position
- Additional duties that increase the total time assigned by the employer to some, but not all, members of the class of employees where the employer does not grant release time

Section 22119.5 defines activities considered to be creditable service when performed for an employer under specified circumstances.

The service retirement earnings limit established in Section 24214 of the Education Code on January 1, 2001 at $22,000 is to be adjusted annually, on each July 1, to reflect the increase in the All-Urban California Consumer Price Index using December 1999 as the base.

The service retirement earnings limit as of July 1, 2002, is adjusted to $23,540.

Section 24214(g) requires CalSTRS to reduce the member’s retirement allowance by the compensation earned in excess of the annual dollar limit. The amount of the reduction may be less than or equal to the gross monthly allowance payable, depending on the amount of the excess compensation earned. The member’s allowance will be reduced dollar-for-dollar from the gross monthly allowance until the amount withheld equals the excess earnings amount. The reduction, however, will be no more than the amount of the annual allowance.

EXAMPLE:

Mr. Smith retires receiving a gross monthly allowance of $2,800. He returns to employment in the California public school system in September 2002. By March 2003, he has earned $18,000 from District 1 and $12,000 from District 2, for a total of $30,000, which is $6,460 in excess of the earnings limitation ($30,000-$23,540=$6,460).
Assuming that Mr. Smith stops working at the end of March 2003, his excess earnings of $6,460 would be collected from his gross monthly retirement allowance as follows:

* Note the reduction in monthly allowance starts in May since the excess earnings were reported to CalSTRS in April of 2003.

Retired members may be exempt from the post-retirement earnings limitation if they meet the eligibility criteria. Please refer to the attached matrix for reference to the applicable employer directives.

**ACTION**

The employer is required to maintain accurate records of the retired members’ earnings and to report those earnings monthly to CalSTRS and to the retired members regardless of the method of payment or the fund from which the payments were made.

The employer is required by Section 22461 to advise CalSTRS retired members who perform creditable service of the annual limitation on earnings for performing such service.

All information provided to CalSTRS is subject to audit by CalSTRS Office of Audits pursuant to Section 22206.

Questions regarding the post-retirement earnings limitation should be directed to the Benefit Adjustments Unit of CalSTRS at (916) 229-3813 or to our Teletalk automated system at (800) 228-5453.
