SUBJECT: Employer Directive 2011-02
Supersedes Employer Directive 2010-01
Earnings Limit and Legislative Changes for the 2011-12 Fiscal and
2011 Calendar Years

PURPOSE:

This employer directive is intended to inform and remind employers of:

- The service retirement post-retirement earnings limit for the 2011-12 fiscal year.
- The disability retirement earnings limit for the 2011 calendar year.
- The disability allowance earnings limit for the 2011-12 fiscal year.
- Legislative changes to clarify the application of the earnings limit.
- The application of the earnings limit for retired CalSTRS members.
- The restriction for retired CalSTRS members who are under age 60.
- Restrictions on hiring retired CalSTRS members who received a retirement incentive through CalSTRS.
- Restrictions on hiring retired CalSTRS members in classified positions.
- Requirements for employers to inform retired CalSTRS members performing creditable service about the annual earnings limit and to report post-retirement earnings to CalSTRS.
- The post-retirement excess earnings notification process.
- Examples of financial consequences of exceeding the earnings limit.
SCOPE:

This directive contains information for county superintendents of schools, school districts, charter schools, community college districts, and any agency that employs retired members of the Defined Benefit (DB) Program (referred to in this directive as “retired CalSTRS members”) to perform creditable service.

DISCUSSION:

2011-2012 Post-Retirement Earnings Limit
The post-retirement earnings limit for the 2011-12 fiscal year remains unchanged from the 2010-11 fiscal year at $31,020. The limit applies to earnings received from the California public school system only. The limit is adjusted annually by the Teachers’ Retirement Board, if necessary, and is based on the average salary of DB Program members.

2011 Disability Retirement Earnings Limit
The disability retirement earnings limit for the 2011 calendar year is $26,250. The limit applies to all earnings regardless of whether they are earnings from the public or private sectors. The limit is adjusted annually by the Teachers’ Retirement Board, if necessary, by the amount of change in the California Consumer Price Index.

2011-2012 Disability Allowance Earnings Limit
The disability allowance retirement earnings limit for the 2011-12 fiscal year is calculated individually for each member. The limit applies to all earnings regardless of whether they are earnings in the public or private sectors. The limit is based on the member’s indexed final compensation amount. Members with Coverage A are subject to a monthly earnings limit and a continuous six-month earnings limit.

Legislative Changes
Chapter 207, Statutes of 2010 (Assembly Bill 2260) clarifies in Section 24214.5 that the post-retirement earnings limit applies to employment specific to the California public school system and not to employment outside of the public school system. This change conforms to Section 24214, which also references the California public school system. Chapter 207 also strikes references to the Immediate Intervention/Underperforming Schools Program and the High Priority Schools Grant Program since they are no longer funded. In place of those two programs, the amended law adds the Local Education Agency Intervention Program.

Application of Earnings Limit
Section 24214 imposes limitations on any retired CalSTRS member who returns to work and performs creditable service as either an employee of an employer, an employee of a third party, or as an independent contractor within the California public school system. Activities considered to be creditable service and, therefore, subject to the earnings limit are listed in Section 22119.5. Generally, positions in grades pre-kindergarten through community college that require a credential, certificate, permit, or require an employee to meet minimum standards adopted by the Board of Governors of the California Community Colleges, or for which the employer is eligible to receive state apportionment, are considered creditable service.

Restriction for Retired CalSTRS Members who are Under Age 60
Pursuant to Section 24214.5, retired CalSTRS members who are under age 60 and have been retired for less than six months will be subject to a restriction if they return to CalSTRS-covered employment during that time. If the retired member returns to work during this period, CalSTRS will reduce his or her retirement benefit dollar-for-dollar by an amount equal to his or her earnings. This law does not allow exemptions.

This restriction is in addition to the annual earnings limit. Any amount the retired CalSTRS member receives while under age 60 will count against the annual post-retirement earnings limit for the appropriate fiscal year. Both restrictions apply simultaneously.

Retirement Incentive Restrictions
A member who retired with a CalSTRS retirement incentive under Section 22714 will lose the increased retirement benefit attributable to the incentive if he or she returns to employment in any capacity, including in permissible classified service, within five years of retirement for the school district, community college district, or county office of education that granted the member the retirement incentive. Additional information on both retirement incentives is available in Employer Directive 2003-06.

Classified Position Restrictions
Section 45134 may preclude retired CalSTRS members from employment in classified positions in the California public school system. This section is outside the Teachers’ Retirement Law and would be enforced by the Department of Education.

Notification and Reporting of Post-Retirement Earnings by Employer
Section 22461 requires employers to notify retired CalSTRS members of the earnings limits and report earnings to CalSTRS each month. All post-retirement earnings must be reported with Member Code 2 and Assignment Code 61.

Post-Retirement Excess Earnings Notification Process
If a retired CalSTRS member earns compensation in excess of the earnings limit as an employee of an employer, an employee of a third party, or as an independent contractor within the California public school system, Section 24214(g) requires CalSTRS to reduce the
member’s retirement benefit dollar-for-dollar by the amount of compensation that exceeds the earnings limit until the amount withheld equals the excess earnings up to a maximum of the member’s annual retirement benefit.

CalSTRS sends two notifications to the retired member. The first notification is sent when post-retirement earnings are initially reported by the employer. The letter is the *Initial Post-Retirement Earnings Letter* (SR 1369.1) and states the current earnings limit and what will occur if it is exceeded. When the employer reports post-retirement earnings equal to one-half of the earnings limit, CalSTRS sends a second letter, called the *Post-Retirement Earnings Mid-Limit Letter* (SR 1369.2), notifying the member of the dollar amount reported to date, and reminding the member of the consequences of exceeding the earnings limit.

When a member exceeds the earnings limit, CalSTRS sends the member a letter notifying her or him that the excess earnings will be withheld from his or her monthly retirement benefit. CalSTRS gives at least 30 days notice before commencing collection.

Through June 30, 2012, some retired members may qualify for an exemption from the post-retirement earnings limit if they meet the eligibility criteria specified in Sections 24214, 24216, 24216.5 or 24216.6. Exemption requests are subject to CalSTRS approval and must be received by CalSTRS no later than June 30 of the school year for which the exemption would apply. The exemption forms are available on the Secure Employer Web site.

Employers can assist retired members and CalSTRS by taking the following actions:

- Inform the member of the current fiscal year earnings limit and determine if the member may qualify for a CalSTRS exemption, subject to CalSTRS approval.
- Determine if the member has a consecutive 12-month break from CalSTRS-covered service. If so, the member is exempt from the earnings limit through June 30, 2012.
- If the member qualifies for a post-retirement earnings limit exemption, file it prior to, or as soon as, the retired member begins working and no later than June 30 of the school year for which the exemption would apply. For the 2011-2012 fiscal year, exemption requests may not be filed until July 1, 2011. CalSTRS will notify both the employer and retired member in writing if the exemption request is granted or denied.
- Assist the member with tracking their earnings so they do not exceed the limit.

Please refer to Attachment 1 for additional information about the post-retirement earnings limit exemptions.
Examples of Financial Consequences of Exceeding the Earnings Limit

Below are three scenarios of retired CalSTRS members who have exceeded one or both of the earnings limits.

**EXAMPLE I:**
Mrs. Smith, age 62, service retires June 30, 2010. She returns to employment in the California public school system 14 months later on September 1, 2011 as a retired member. Mrs. Smith earns $4,000 each month in post-retirement earnings for a total of $40,000 by June 30, 2012. She is exempt from the earnings limit because she has a consecutive 12-month break in service.

**EXAMPLE II:**
Mr. Jones, age 65, retires June 30, 2011. He returns to employment for two school districts in the California public school system two months later on September 1, 2011. By March 2012, he earns $20,000 from District 1 and $20,000 from District 2, for a total of $40,000. He exceeds the earnings limit by $8,980 ($40,000 - $31,020 = $8,980). He is not exempt from the earnings limit because he does not have a consecutive 12-month break in service. CalSTRS will collect the excess earnings dollar-for-dollar from his gross monthly retirement benefit.

CalSTRS will collect Mr. Jones’ $8,980 of excess earnings for fiscal year 2011-12 from his $5,000 gross monthly retirement benefit as follows:

<table>

<tr>

</tr>
<tr>

</tbody>
</table>
EXAMPLE III:
Ms. Garcia, age 59 and 4 months, retires June 30, 2011. She returns to employment in the California public school system on July 1, 2011. She returns to work prior to age 60 and does not have a six-month break in service.

Ms. Garcia earns $2,700 each month in post-retirement earnings for a total of $32,400 by June 30, 2012. During the first six months after her retirement, Ms. Garcia earns $16,200 in post-retirement earnings. Because she is under age 60 at the time of retirement, she is restricted from earning any amount for the first six months after her retirement date. In addition, she exceeds the annual earnings limit by $1,380 ($32,400 - $31,020 = $1,380). CalSTRS is required to collect $17,580 ($16,200 + $1,380 = $17,580).

CalSTRS will collect the $17,580 of excess earnings from her $7,000 gross monthly retirement benefit as follows:

<table>
<thead>
<tr>
<th>Monthly Benefit Amount</th>
<th>Outstanding Earnings Limit</th>
<th>Deduction From Monthly Benefit</th>

<tr>
<td>3rd Month</td>

<td>$3,580</td>
<td>$3,420</td>
</tr>
</tbody>
</table>
