The Pension Accounting Initiative will improve internal controls by addressing gaps between current and best practices in accounting policy, planning, treatment, chart of accounts, analysis, availability of financial information, use of the general ledger, communication of fiscal impacts, and training for pension administration business events.

Board Strategic Fit

Goal 3: Ensure a supportive and efficient organization and be an employer of choice.

Objective F: Enhance the scope and quality of internal controls, internal audits and external audits.

Fiscal Year 2009/2010:

- Accounting policy, treatment, analysis, quality assurance, and strategic planning and risk management
  - Developed a risk assessment and overall strategic vision for the Accounting Division to facilitate implementation of recommendations from each of the work components.
  - Developed and began implementation on high priority accounting policies designed to strengthen internal controls, increase financial reporting accuracy and operational efficiencies.

- Penalties and Interest Discovery
  - Conducted a discovery effort which resulted in recommendations to consistently assess penalties and interest, and identify potential software solutions to calculate, bill, and report penalties and interest. This became its own project.

Planned Deliverables for Fiscal Year 2010/2011:

- Accounting policy, treatment, analysis, quality assurance, and strategic planning and risk management
  - Develop and implement high priority accounting policies.
  - Assess and develop the accounting treatments and analytical reviews associated with pension related business events.
  - Develop and implement analytical tools to facilitate monthly trend analysis and forecasting.

- Complete design and implementation of enhanced internal controls over both technical and programmatic accounting areas.
- Establish a risk management program to recognize and act on accounting risks.
- Complete the discovery results for business requirements of the corporate accounting and resource management system which will provide the information necessary to prepare for system procurement.
- Streamline and strengthen the financial closing, benefit payment and distribution, and contribution and receivables processes by reducing manual processes.

---|---|---
Reduce Files | The Reduce Files project will convert non-member paper, microfilm and microfiche files to electronic format to reduce storage space requirements. This will decrease the number of filing cabinets throughout CalSTRS and contribute to the New Headquarters facility’s LEED Gold Certification for sustainable "green" construction. The project also includes implementing a Records Management Program to ensure proper ongoing record maintenance. | Fiscal Year 2009/2010:  
- Deployed Corporate File segment of the CalSTRS Imaging System.  
- Deployed an enhanced Disaster Recovery system for the CalSTRS Imaging System.  
- Deployed a Corporate Scan Facility.  
- Completed Backfile Conversion of all Corporate Files.  
- Finalized an updated Scanned Document Destruction Policy.  
- Received Enterprise Program Investment Council (EPIC) approval to extend the project end date to December 2010 allowing for thorough testing of the P8 Enterprise Content Management System (ECMS) prior to deployment.  
Planned Deliverables for Fiscal Year 2010/2011:  
- Finalize and deploy new training course(s) in Records Management and Imaging System Functionality.  
- Release project Transition Plan.  
- Deploy P8 Enterprise Content Management System (ECMS).

**Board Strategic Fit**

**Goal 3:** Ensure a supportive and efficient organization and be an employer of choice.

**Objective E:** Design policies and practices to address the distribution and retention of electronic records.
